

Zeta Charge

Top row, left to right: D. C. Thorndike, '23; P. Saunders, Jr., '24; R. Almy, '23; F. M. Sprague, '23; J. H. McCraw, '22; C. N. Allen, Jr., '24.
Fourth row: A. M. Rogers, '24; J. N. Tyler, '23; C. R. Johnson, '23; J. H. Whorf, '22; F. L. Jones, '23; C. S. Gray, '22; C. J. Fish, '21; M. H. Glover, '22.
Third row: R. E. Lyman, '22; R. D. Greene, '22; S. W. Remington, Jr., '22; E. W. McCormick, '22; R. H. Greene, '21; A. C. Durfee, '22; S. L. Rowley, '22; T. L. Sweet, '22; J. B. Harvie, '22; R. W. Moxham, '22.
Second row: P. P. Borden, '21; W. T. Brightman, Jr., '21; O. G. H. Oden, '21; S. G. Samson, '21; H. S. Smith, '21; C. L. Dunham, '21; J. C. Scott, '19; H. N. Sunderland, '21; H. M. Bailey, '20.
Bottom row: E. M. Brooks, '24; W. M. Smith, '24; I. R. Lyman, '24; S. C. Ames, '24; H. J. Somers, '24; A. E. Parsons.

Brother Smith, '21, has been elected chairman of the class day committee and "Ken" Sunderland a member of the committee. Trotzky Brightman is a member of the cap and gown committee and is the logical choice for captain of the fraternity baseball team.

When the musical clubs go west for the spring trip, Theta Delta will send along Dan McCraw, assistant manager, Jawn Harvie, baritone banjoist, Ernie McCormick, fantastic fiddler, and Bud Harvey, tuneful tenor. They will undoubtedly add to Zeta's enviable reputation as a musical crowd.

Hugh Robertson, '19, who returned from overseas to finish his college course and who has been kept out of college by a persistent illness during the first semester, is again back on the Hill and his mezzo-soprano voice and cheerful disposition are again welcome about the house.

The Zeta dining-room is now being managed very efficiently and with more occasional visits from the alumni might be called a complete success.

We don't know just what impression brother Buck received from Zeta, but those of Zeta who met brother Buck on his annual visitation are more certain than ever that the Grand Lodge represents the best there is in Theta Delta Chi.

Spring is upon us now, brothers, so throw away your overcoats and jump over and partake of the real Theta Delta hospitality as Zeta knows it.

WM. T. BRIGHTMAN, JR., '21, *Charge Editor*.

The annual formal dance of the charge was such a large affair that it was necessary to hold it outside, and it has been generally pronounced one of the best fraternity formals this year. We have also been having tea dances at the house on Saturday afternoons.

An event of major importance took place in the charge house on Sunday, March 13, when our Memorial Tablet to the nine brothers from this charge who were killed in the war, was formally unveiled. The ceremony was conducted by the Rev. R. E. Welsh in the absence of the Canadian Corps Commander, Sir Arthur Currie, K. C. M. G. There were present a number of the charge alumni members of the university staff and relatives of those who fell. The service was most impressive, and the climax was reached when the roll call for the absent brothers remained unanswered.

With the approach of the final exams the brothers are realizing what a great loss the charge will sustain with the exodus of no less than nine of our number. There has been a recalescence of rushing activity with the result that we have lined up three more men, and initiated one. We introduce brother John McNaughton, '24, from Thetford Mines, Que.

We wish sister charges every success in the impending exams, and should any brothers stray to Montreal we will always be delighted to demonstrate that peculiar characteristic of this city of which we are so proud, i.e. the Relative Humidity of our location.

A. R. LAWRENCE, *Charge Editor*.

That annual malady, spring fever, is once more prevalent among us; baseball, tennis and golf are the chief means of relieving it. The preliminary symptoms were felt as far back as February 25 when Eta gave a joint house party with the Alpha Deltas at the charge

house.

President Buck, due to illness, was unable to reach our remote locality this year. But our sincere disappointment was greatly alleviated by a visit from Brother Fred Arnold, Z'97, in his stead. A regular fraternity meeting was held, followed by a banquet, after which Brother Arnold told us much concerning the financial matters of the fraternity. His remarks clarified many of our rather hazy ideas on this subject. We received inspiration and pleasure from his short visit, and only wished it might have been prolonged several days.

Brother Haines, '21, president of the charge, attended the annual banquet of the Founders' Corporation. He had a bully time and came back full of enthusiasm over the great work that organization is accomplishing.

Bowdoin has recently launched a new publication *The Bear Skin*, a humorous magazine and promises to be a fine success. Bartlett, '22, is assistant business manager and Klees, '24, is art editor. Brother Klees is also associate editor of the *Orient*.

As a result of junior elections Pickard, '22, is marshal, Woodbury, '22, is on the Ivy Day committee and Bartlett, '22, is class poet. Among the seniors Prout, '21, was elected class historian, and Haines is on "Seniors-last-gym" committee.

Interfraternity basketball has flourished, and, although Eta will probably fail to win the championship, she stands well up in the league.

Kemp, '23, scored second place in the broad jump at the freshmen-sophomore track meet.

Eta's most elaborate social affair of the year, Ivy Houseparty, begins June first and continues four days. Twenty or more of the brothers plan to attend and any Theta Deltas in this vicinity are urged to drop in and enjoy the varied entertainment then provided.

We have been doing a little preliminary rushing for next year. On two different week-ends the college has had events to which sub-freshmen were invited. Each time we have entertained twenty or more at the house and by so doing we have secured a line on several good men whom we hope to pledge next fall.

The present freshman delegation at the last review of classes stood first on the campus.

While this our sixty-eighth year has not been one of brilliant achievement it has been marked by steady progress, hard work, and good fellowship.

HUGH PENDENTER, JR., '21, *Charge Editor*.

STANFORD
UNIVERSITY

We are glad to announce the election of Brother Robert S. Driver as president of the charge. Under his leadership the house has turned over a new leaf and by the end of this school year we expect to have all the bad effects of the war laxness wiped out. A new system of bookkeeping has been inaugurated which includes the budget plan. A fairly successful drive to clean up back balances among graduates has just been completed. There is still, however, a large amount owed us which we hope to collect in the near future. The back balances in the house amount to practically nil.

Plans are being discussed for obtaining new furniture and new interior decorations which the house needs very much.

Brothers Holmes, Reid and Haley are out for baseball and Wiki Nowell is trying out for dramatic manager. Charlie Arnn wrote *Bubbling Bihemia*, the Ram's Head opera that was produced with success. We also wish to congratulate him on his marriage to Miss Pauline Kinney, of Los Angeles. The undersigned also announced his marriage to Miss Florence Edwards, of Berkeley.

The social committee has planned our spring dance for April 29, and it promises to be mean. The Hotel Oakland orchestra has been secured for the evening and we are all looking forward to it.

We want to remind the brothers that the doors at 24 Lasuen are never closed and we are always glad to have some one drop in for a visit.

EUGENE A. CURTIS, '21, *Charge Editor*.

MASSACHUSETTS
INSTITUTE OF
TECHNOLOGY

to this position certainly expresses the seniors' appreciation of him and of his work.

The most important event of the month for us has been the election of Lawrence W. Conant, '21, as first marshal of the senior class. His work in the various activities has brought him into more and more prominence and his election

Zeta Deuteron Charge

Top row, left to right: D. F. Cantley, B. C. Rochester, P. D. P. Hamilton, C. P. Mills, R. M. Calvert.
Third row: M. St. John, C. H. McNaughton, F. Adams, F. McGillis, A. R. Lawrence, K. Wilson, E. T. Renouf, L. Armstrong.
Second row: H. A. Whitcombe, E. C. Cate, G. R. Parkins, L. B. Rochester, D. R. Learoyd, K. B. Jenckes, H. S. Trefry.
Bottom row: R. C. H. Sewell, L. Wightman, W. L. Rochester, R. J. H. Roy, J. Rhind, J. Robinson, J. Lawrence.

Eta Charge

Top row, left to right: Charles L. Fletcher, '22; Frederic S. Klees, '24; Malcolm S. Blake, '23; Walter E. Stearns, '22; Sylvir T. Gonya, '24.
 Third row: Norman W. Haines, '21; John C. Pickard, '22; Gordon E. Hett, '23; Harold T. Honemetz, '23; Warren E. Barker, '22; Malcolm W. Burr, '23.
 Second row: Roliston G. Woodbury, '22; Arthur C. Bartlett, '22; George O. Pront, '21; Gordon R. Howard, '21; Dervess F. Tice, '23; Joseph M. Brisetris, '24; Elliot P. Perkins, '23.
 Bottom row: J. Bernard Dunlaery, Jr., '23; Harold E. Beach, '21; Hugh Pendexter, Jr., '21; Ralph E. Battison, '22; Ralph E. Blanchard, '24; Curtis S. Laughlin, '21; Ralph B. Kemp, '23; Roland L. McCormack, '22.

Good things oftentimes travel in pairs, so it isn't surprising that Brother Conant's roommate should be elected, second marshal of the senior class. This roommate is Henri Pell Junod, '21, our own beloved Prexy. Brother Junod placed himself in the public eye when he carried the Institute Red Cross campaign to a successful finish so his election was not unexpected.

As for Tech Show, the name of which this year is "The Purple Dragon," we are lending our support in the persons of H. W. Smith, '21, adviser; Herbert Ham, '22, treasurer; Boyd, '24, and Duevel, '24, members of the ballet; Perine, '22, Rice Wilsea, '23, and Gurney, '22, members of the chorus; and Myers, '22, and Coachman, '22, playing in the orchestra.

Carrol Dunn, '24, swimming under the auspices of the Brookline swimming club was on the winning relay at the A. A. U. meet. Gurney, '22, was on the varsity relay team defeating Penn state at the Johns Hopkins meet. He was also on the varsity relay when it defeated Harvard at the B. A. A. meet.

Brother Wilson, '20, is leaving us this week for the tall timbers of Portland, Oregon, and is taking with him a hard earned piece of parchment issued by the department of electrochemistry. If any of our brethren on the coast are visited by an uncouth individual wearing a pompadour and a winsome smile, take him in and treat him right, that's our "Woody."

February 18 we had a formal dance at the house. It was a combination Washington Birthday and Valentine dance and it certainly did both days full justice as far as good time was concerned.

Brother Billings, '23, has been granted a leave of absence from the Institute until next fall on account of ill health due to wounds received during the war.

Notice to all visiting brothers: A clean bunk is always awaiting visiting brothers at Theta Deuteron.

F. M. ROWELL, '21, *Charge Editor.*

WILLIAMS
COLLEGE

DELINQUENT

TUFTS
COLLEGE

Signs of spring are all about us. The grass is getting green, the organ-grinder wakes us in the morning, the co-eds are blossoming forth in their new spring clothes, the bunch day dream on the side piazza instead of studying, and up on the old campus Ken Nash, Z '12, Tufts' newly appointed baseball coach is putting his pupils through their preliminary training. Buck Weafer, Steve Colucci, Frankie Loud, and Ownie Keefe, all regulars last year, will help Ken turn out a winning club. You remember Ken? Brown's baseball captain in 1912, a member of the Cleveland team, played third base for St. Louis and Toronto and now is Judge Nash.

Tufts basketball season closes this week. Brothers Telfer and Pickett, members of the varsity squad, soon expect to be awarded their letters in this sport. Butch Barrows, has led the freshman team through a successful season.

The senior dramatic society, Three P's produced *The Lucky One* by A. A. Milne. In the play Brother Cadigan was very acceptable in the leading rôle while Brothers Carmichael and Coon portrayed very efficiently the parts assigned to them. Brother Kimball acted as business manager and make-up artist and several other brothers took an active part in the stage management. Brother Cadigan is to be congratulated, as this is the first time a freshman has been given a leading part.

We are planning several social events. First of all is the Smoker given to the College Faculty. Later will be Mothers' Day at the house and we look forward to the joys of Junior Week and Commencement.

Soon the tennis team gets under way. Brother Telfer leads the team this year, so watch out brothers if you are on our schedule. Captain Telfer

wields a wicked racquet. Brother Perkins as track manager goes from Maine to New York with the track team and hopes to pay some of the New England charges a visit.

It seems a bit early but we wish all the brothers all kinds of luck for the summer and the coming year. Remember to drop in at 123 Packard Avenue any time at all we sure will be glad to see you.

GEORGE A. PICKETT, JR., '21, *Charge Editor*.

UNIVERSITY OF ILLINOIS

After getting well started on the second lap of the year, Kappa Deuteron initiated on Sunday, February 27, and welcomed six new brothers into the bonds at our thirteenth annual initiation banquet. The six new brothers are: R. C. Blair, '24, Urbana, Ill.; H. W. Flitcraft, '24, Oak Park, Ill.; O. F. Handke, '24, Forest Park, Ill.; E. K. Jones, '23, Kenilworth, Ill.; H. F. Juckett, '23, Hot Springs, S. D.; J. R. McCullough, '24, Urbana, Ill.

We still have four pledges to be initiated in May, two of whom failed to come up to Kappa Deuteron's strict scholastic requirements, and one of whom, Edward Asmus, '23, of Chicago, is a recent pledge.

Brother Mandy Barker, '13, came down from Chicago for initiation, and Brothers Baldy Edwards and Chet Maguire came over to the house to lend a helping hand. Norm Hackett, whom we consider as almost a Kappa Deut, was playing in Chicago and was unable to come, but sent a letter in place of his toast, "A Theta Delta."

On January 17, Prexy Buck was here to give us a word of cheer, and to ask as well as answer questions. We all enjoyed his visit immensely, and felt that we know more about our fraternity for his having been here.

On the campus we are more than holding our own. Fred Tourtelot, '21, who last semester was president of the senior class, is a member of the cap and gown committee. Eddie Wilmer, '21, is chairman of the senior invitation committee and a member of the A. Q. F. N. committee. Squint Haworth, '22, is chairman of the senior hat committee and a member of the engineering dance committee. Haworth, Hill, '23, and Flitcraft, '24, are working on the stadium drive committee, the object of which is the erection of a million dollar stadium at Illinois as a memorial to her sons killed in the service. Jimmy McCullough, '24, is a member of the sophomore cap committee.

Tex Patterson, '22, won second place in the mile at the Illinois-Iowa track meet on February 26, and was one of the quartet who won the four mile relay at the Illinois relay carnival on March 5. Otts Vogel, '23, survived the recent cut in varsity baseball men, and though he started as a pitcher, was moved to the outfield on account of his excellent batting. Sam Hill, '23, has been out throwing the hammer for more than a month and is expected to win an "I" in track this spring.

On March 11 we had our formal dinner-dance, which was a very successful affair. Brother Morrison of Beta was able to run down to enjoy it with us, and Bank Dunn, who left school last fall to go into business, was back with tales of moneymaking and other things.

We hope for more visits like those of Brothers Barker and Morrison, and extend an earnest invitation to any and all Theta Deltas to drop in on us at any time. We are also expecting a large delegation of alumni back at our birthday banquet on May 28.

THEODORE JOHNSON, '23, *Charge Editor*.

UNIVERSITY OF TORONTO

Lambda Deuteron takes pleasure in announcing the initiation of another man who promises to be a first class Theta Delt, namely R. H. Littlejohn, '24, Toronto.

At the present time the elections are the great source of interest at U. of T. The various faculties and athletic clubs are holding annual elections and free cigarettes and many

Eta Deuteron

Iota Deuteron Charge

Top row, left to right: Mosher, '23; Russell, '23.
Third row: Helmer, '23; Slack, '23; Oliver, '23; Lunt, '23; Richmond, '23; Parker, '23; Jennings, '22.
Second row: Slack, '22; Wilcox, '22; Wasson, '21; Cole, '21; Wagner, '21; Withrow, '21; Learned, '22; Blake, '22.
Bottom row: Sayre, '24; Fenner, '24; Merryweather, '24; Pease, '24; Brazier, '24; Merrill, '24; Murphy, '24.

handshakes are the order of the day. Lambda Deut has done very well so far. We have had men up for several of the offices and have succeeded in bringing to the charge the positions of captain of the varsity swimming team, vice-president of the varsity rugby club, vice-president of the school of science athletic association, vice-president of the literary and athletic society of the faculty of arts.

It may interest some of our brothers across the border to know that the University of Toronto hockey team has won the championship of eastern Canada and is now in Winnipeg to play for the Allan Cup, the Dominion's premier hockey honor. The team is considered by experts to be the finest amateur team Canada has ever produced and is even rated ahead of the famous Winnipeg Falcons who won the world's championship at the Olympic games last year. Incidentally we are building a new University hockey arena here to seat eight thousand people and to cost half a million dollars.

With springtime come thoughts of impending examinations and the charge is settling down to a routine of quietude and study. We still live things up by rushing teas which we stage on Sunday afternoons. Our rushees are chiefly prep school men and we expect to land a quota of the best of them next fall. We have a charge orchestra of ten pieces which performs very acceptably at these teas.

It was a source of regret to us that President Buck's health prevented his making his annual visit to our charge but we are all eagerly looking forward to the visit of Brother Taber who is coming in his stead. We were favored this week by a visit from Brother Boggs of Nu Deuteron who was in Toronto on business. He dropped in on us several times to instruct us in the science of auction bridge and incidentally went away beaten but undismayed.

The new Canadian Graduate Association of Theta Delta Chi is rapidly assuming concrete form. We expect that it will do much to keep our Canadian grads in touch with the active charges. Brother Bovey of Zeta Deut wrote us a most complete letter, setting forth the purposes of the new organization and our graduates are enthusiastically in favor of it.

We have only four brothers graduating this spring so Lambda Deut will not be greatly weakened numerically when next autumn comes around unless we lose more brothers than we expect to owing to hard hearted professors. Here's hoping all the charges come through the exams with colors flying.

Gerald M. Purcell, '22, *Charge Editor*.

Spring finds us all well and happy but on our guard for the second term examinations which precede the spring recess.

As for activities, Brother Tyler is in the Masquers' latest production, *The Great Divide*, which is being given in conjunction with the Smith College dramatic association. Ducharme, '23, and Miller, '24, are out for baseball and Stimson, '23, is doing well in his competition for the managership. Fairley, Kissam and Clark are out for the track team.

Prexy Meiklejohn, Z '93, who has been spending the year in Europe with his family has returned for a week or so. The freshmen taking advantage of this, gave a smoker at which not only the brothers in the faculty, but also Brothers Fosdick, M^Δ '98, Thatcher, Z'10, and Lamont, Θ '08, managed to attend.

Since this is Amherst's centennial year preparations are being made on a large scale for the celebration which will take place in June. It is expected that approximately three thousand alumni will return, which will in all probability cramp the facilities of our little town. We anticipate having many Mu Deuteron men here and hope at this time to be able to have the first floor of the new house open for inspection.

We would surely like to meet any wandering brothers and will do our best to show them real Theta Delt hospitality.

LEE C. CLARK, '22, *Charge Editor*.

UNIVERSITY OF VIRGINIA

Our best wishes to all those who are undergoing examinations. All the brothers here have been subjected to them for the last ten days.

It seems most fitting to extend here Nu's congratulations to the members of Gamma Deuteron and Nu Deuteron. Judging from the photographs which appeared in the last issue of THE SHIELD, the houses are representative of what a fraternity house should be. Congratulations to both charges.

Of course, many of the brothers are out holding and making positions on the various squads. Brother Archer, captain of the track team, will, we hope, better his record of 6 ft. 3 in. which he hung up last year. Brother Green has been bringing back medals from the various indoor meets all winter; we hope to see him in action in a few weeks. Brothers Ruffin, Shaw and Eley are also out for the track team. Nalle and Wilkerson are out for the freshman baseball team, and rumor has it—but we must not quote rumor.

Brother John Slack is with us now and expects to affiliate in the near future.

In another part of this issue details of the University of Virginia Centennial will be given. We hope that many brothers will share our hospitality at that time.

Wm. H. Manning, *Charge Editor.*

LEHIGH UNIVERSITY

As Brother Milt reminded us in his letter to the charge editors, this is the last charge letter of the year and if there is anything you have forgotten to say, say it now, so Nu Deuteron is going to follow out his suggestion and say quite a few things that should have been said before, but which were forgotten in the rush. It is only proper at this time to divulge the fact that although the demon mid-year's is over Nu Deuteron still maintains her position at the top of the list, even though we did lose two men, which was very unfortunate as they were the first in three years.

One of the many things which we have to say, naturally, is about Prexie Buck's annual visitation. Although he visited Nu Deuteron at an exceptionally bad time, as far as the brothers were concerned, arriving the night before the finals started, nevertheless we enjoyed his visit and all benefited a great deal by his quiz and by the general knowledge he was able to leave with us in regard to the fraternity. Those of us who were fortunate enough to be free from the examinations the next day, and who were able to sit around and listen to what he had to say in regard to the workings of the charges and of the fraternity, received a wealth of traditions, some of which it would be impossible to get from any book on Theta Delta Chi lore. Delta Deuteron is to be envied in having such a man among her alumni.

Lambda Deuteron is to be congratulated on the stand she took in regard to the Alpha and Omicron petitions, as shown in her January charge letter. It shows the kind of spirit that should be cultivated by all the charges to a greater extent.

Nu Deuteron pledged one more man of the class of '24 and we take pleasure in introducing E. H. Platt of Washington, D. C. He was originally of the class of '23 but was forced to leave college during his freshman year on account of his health and did not return until February of this year.

Nu Deuteron held her annual winter dance on February 12, and as it was the first affair of this nature to be held in our new home it will go down in the memories of those who attended it as a tradition. If all of our future dances are as successful as it was, there need be no worry as to the place we will assume in the social ranks of the college. At present all the brothers are looking forward to the house party which will be held in the latter part of April, during the week set aside for such events by the college authorities.

With the coming of the spring the Lehigh Theta Deltas are once more trying for athletic honors and it looks as if history were going to repeat herself as far as the charge is concerned. Once in the times long before the days of the present delegation, tradition says it was in the years of '16 and '17, the battery

Bottom row: D. A. Straight, '22; A. B. Daper, '21; F. F. Crabbe, '21; R. B. Tyler, '21; V. G. Tooker, '21; E. A. Richards, '21; H. M. Andrews, '21.

for Lehigh was Anderson and Lees (the latter is now with the White Sox), both of whom were Theta Delts and now all indications point to another Theta Delt battery, only this time with Lees, '23, and Sehring, '23, doing the pitching and catching, respectively. Lees is a brother of the Lees who played in '16, and is the varsity basketball center.

Those brothers who were fortunate enough to be able to attend the Founders' Corporation dinner came back to the charge filled anew with the old spirit of Theta Delta Chi, and from the reports they brought back it must have been some banquet, not to mention the other things that evidently went on according to Red Uebel's (Chi) February letter. Nu Deuteron is looking forward to the convention in June and we hope to have a large delegation out there this year and Beta better watch her cup as we are not the only ones that have aspirations to obtain it.

Nu Deuteron has noticed the difference in being in a house that can be located by the visiting brothers, as we have had many visitors from other charges in the past few months, some of whom were: Brothers Nichols, Γ^Δ '17; LaFave, Ι^Δ '22; Moxham, Ζ; Henahan, Φ^Δ '20; and Durshang, Φ^Δ, not to mention the numerous brothers from Phi, that drop in on us every now and then. Any brother that happens to be in Bethlehem wants to be sure and look us up as the door is always open and there are plenty of extra beds.

With best wishes to the sister charges for a successful year.

G. D. McCONNELL, '22, *Charge Editor*.

HOBART COLLEGE

Pledges: Donald Hines, '23, Rochester, N. Y.; Charles Contapalo, '24, Brooklyn, N. Y.

The charge was very successful in the mid-year examinations. Not a man was lost. We have also the good fortune in having H. Kallusch, '22, return to college, and K. Bowen, Ξ '24, has affiliated.

Brother Buck visited us some time ago on his official tour. We were very pleased to have him with us, and the charge did very well in the short examination that he gave us.

As usual, the charge is prominent in the activities that are now open. Trayser, '21, is manager of lacrosse, and is a member of Druid, honorary senior society. Brothers Kallusch, Doran and Brown, '22, and Wisner, '23, are playing on the team. Pledge Hines, '23, has made his letter in basketball, of which Trayser, '21, was manager. Brother Brown, '22, has been elected a director of the Paint and Powder Club, the dramatic society. At present he is writing and producing a musical extravaganza, which is to be produced early in May. Many of the brothers are giving their time to this enterprise, and are members of the club. There are nine members of class honorary societies in the charge.

Owing to the coming centennial next year, the college is commencing on an endowment fund. This campaign has already been initiated, and many of the brothers are putting a good deal of time on it to make it a success. This will undoubtedly help conditions here and also the charge.

Goodwin R. Harris, '22, *Charge Editor*.

UNIVERSITY OF WASHINGTON

The old fireplace still feels good this weather although the time of year should indicate the appearance of spring in Seattle. However, the fever has arrived in spite of the non-appearance of the usual cause.

All in all this has been a wonderful year for Xi Deuteron on the campus and in the charge itself. Bobby Bender manages the daily paper and in addition holds down the presidency of the Pacific Intercollegiate Press Association. Fred Wiman although putting in an enormous amount of time and energy for the charge, found time to engineer successfully the big Dartmouth-Washington game which was held in Washington's new stadium. John Adamson is rounding out his term as treasurer of the senior class. "J. Q." is also our house manager. With additional work outside school John man-

ages somehow to occupy his time. Clarke Hamilton as business manager of the *Tyee* is putting across a larger and finer annual than Washington has ever had before.

Xi Deuteron announces the initiation of the following men who will help to carry on the work in the next few years: Hugh Adams, William Brown, Jack Fahl, Waldo Ives, Sinclair Nicholson, Halton Seagraves and Howard Wilson. Four pledges we hope also will soon be able to assume full citizenship in Theta Delta Chi: Thomas Olsen, Waldo Stentz, Edwin Johnson, and Eugene Morrill.

Although a number of older men will leave us this year, the charge feels confident that affairs will run quite as smoothly next year in the hands of younger, but still quite eager and competent men.

HAROLD McLAREN, *Charge Editor.*

The second semester rushing season has thus far resulted in the pledging of five men for Omicron Deuteron: Floyd Paul Butt, Pelham Manor, N. Y.; Norman Sawyer Everett, Newton, Mass.; Paul Francis Healy, Dorchester, Mass.; Evan A.

Kibbe, Winchester, Mass.; Harry Charles Mills, New York City.

While disappointed in not securing a larger delegation of the "really big" men in 1924, Omicron Deuteron feels well satisfied in the men already pledged. Continued activity of rushing committee should add several men to the delegation within the next few weeks. Brothers Jim Davis, '19, and Bill Eaton, '17, were in Hanover several days during rushing.

Simultaneous with the rushing of freshmen, the charge has pledged Richard Thomas Willis, '22, of Manchester, N. H. During his three years at Dartmouth, Dick has made a name for himself as a piano player, and is now easily the best in college. He is also active in other musical lines, appearing in the carnival concert of the Musical Clubs in two of the specialty acts. He is also leader of one of the jazz bands which has played for Dartmouth dances in New York and Boston during the past year.

The second semester opened with two men lost to the charge through scholastic troubles. "Bub" Eaton, '23, of Newton, who has coached the freshman hockey squad, this season, is looking for a job around Boston, and Hugh Schaaf, '22, is at his home in Cleveland with similar ambitions. The loss of two members of the '23 delegation has been compensated somewhat by the return of Pledge Hoag, now listed at the College office as '24. Red flunked out a year ago, following a brilliant career as fullback on the '23 football eleven, and since then has been a walking delegate among the lumber camps of Oregon and Washington.

Several of the brothers have been making good around the gymnasium. Brothers Goodnow, Moore, and Caldwell are in regular berths on the short distance relay team which ran in the triangular Boston meet, and the Meadowbrook games in New York. Brother Maroney is working out on the cinders preparatory to the outdoor season this spring. Pledges Healy and Butts are on the freshman relay team. Brother Harris has abandoned boxing and is now under the tutelage of Jeff Tesreau as the best bet for varsity pitcher this spring. Pledge Kibbe is out for the freshman baseball team.

In non-athletic activities, Brothers Aborn and Rice are making good in the competition for editorial offices on *The Dartmouth* board, and with Brothers Sweet, Austin, and Gunnison are competing for the job of publicity manager for the musical clubs and dramatic association. Pledge Mills is competing for a place on the news staff of *The Dartmouth*. Brothers Belknap and Brooks made the trip with the glee club to the intercollegiate competition at the New York town hall on February 26.

The Carnival house party this year proved its usual success, and the more so because of alumni participants. "Pop" Ford, '17, Rus Livermore, '16, Eddie Bowen, '20, Bing Whitaker, '20, Eddie Emerson, '18, and Gene Leonard, '20, were on hand, and with their assistance the twenty guests were effectually entertained.

Nu Charge

Top row, left to right: J. B. Nalle, '24; J. E. Shaw, '23; J. Slack, '23.

Third row: R. A. Owen, '23; W. H. Manning, '23; A. B. Greene, '22; W. A. Wilkerson, '24; M. Peter, '24; S. B. Warren '21; B. S. Warren, Jr., '24.

Second row: L. W. Graves, Jr., '23; P. B. Pulman, '23; E. Preston, '22; H. W. Saunders, Jr., '23; R. F. Carver, '24; W. D. Hart, '21.

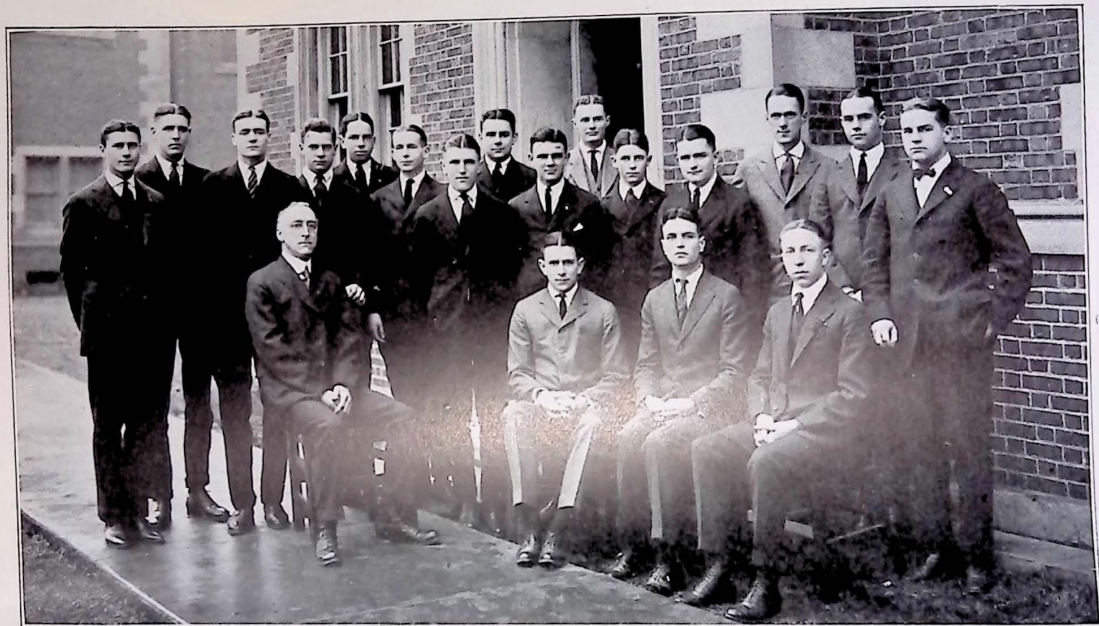

Bottom row: J. M. Ruffin, '21; A. H. Mitchie, '22; T. J. Mitchie, Jr., '21; R. W. B. Ruffin, '21; H. Warren, '21.

Nu Deuteron Charge

Top row, left to right: F. T. Bumbaugh, '24; L. F. Hendrickson, '23; J. L. Lees, '23; R. F. Metzner, '24; G. F. Jenkins, '23.
Second row: R. L. McIntire, '24; C. F. Stille, '24; R. F. Cook, '24; J. F. Conlin, '23; G. W. Boggs, '24; L. J. Thorp, '24; C. B. Mitchell, '24.
Bottom row: G. D. McConnell, '22; F. G. Schring, '23; A. R. Wingate, '19; E. W. Burgess, '21; H. S. Bunn, '20; A. N. Hicks, '19; T. H. Ashbury, '23.

Xi Charge

Standing, left to right: C. Contopoulo, '24; A. Eastmond, '24; M. Wisner, '23; J. B. Kessler, '24; D. F. Hynes, '23; J. H. Speed, '23; K. H. Bowen, '24; H. E. Kallusch, '22; H. A. Snyder, '22; R. E. Doran, '22; C. A. Babbitt, '23; G. G. Hoyt, '24; W. N. Cushing, '21; W. J. Young, '23; O. M. Brown, '22.
Sitting: Prof. H. H. Yeames, '95; H. R. Shepherd, '22; G. H. Persem, '21; D. A. Trayser, '21.
(G. R. Harris, '22, not in picture.)

Xi Deuteron Charge

Top row, left to right: McLaren, Bender, Wilson, Adamson.
Fourth row: Overton, Whalen, Ludwig, McCrea, Faulknor, Hall.
Third row: Johnson, Stentz, Wiman, Hamilton, Brown, Robinson.
Second row: Morrill, John, Seagraves, Fahl, Olsen, Wetherly.
Bottom row: Greider, Ebeling, Ives, Nickelson, Adams, Chadbourne.

In the interfraternity basketball league, Theta Delta Chi is making a strong bid for the cup. A combination of Brothers Prince, Brooks, Fleet, Plumb and Threshie have thus far remained unbeaten. Brother Bolles, at present ill with pneumonia at his home in Springfield, is expected to be able to play in the finals. Brother O'Connor is on the sidelines this year with a sprained ankle resulting from too much practice.

Bids to senior societies placed Brothers Harris, Threshie and Plumb in Sphinx, and Brother Hight in Dragon.

Scholastic averages for the past semester's work are just out, and members of the charge feel that something exceptional was accomplished. The average for the house was a little better than 2.3, which in Hanover comes only to those who toil. Gin Plumb led the list with a 3.4, and seems due to wear a Phi Beta Kappa key before long.

The charge is looking forward to the annual reunion with alumni which always goes hand in hand with the initiation banquet. No date has been set for the event, but it is planned to have it soon after Easter. By that time, Omicron Deuteron will have rounded out its '24 delegation to its usual size with men whom we feel sure will prove the best of Theta Delt.

P. C. BELKNAP, '21, *Charge Editor*.

COLLEGE OF THE CITY OF NEW YORK

note little variance in the content of the average letter. Despite this, we are selfish enough to believe that the nature of the change effected by Pi Deuteron warrants continuation.

The members of Pi Deuteron have had occasion to smile at the statements of brothers of the outlying charges to the effect that the real "life" of college and fraternity is seriously cramped in our large cities. These brothers point fondly to class weeks, football games, carnivals and the unbounded freedom for social diversions, diligent study or a judicious mixture as the individual personality demands. The Pi Deuteron man is not slow in granting that a number of these activities are missing in the country's largest college town; however, he hastens to make reservations to his admissions that will generally neutralize them. He will recall the monthly dances held by the Pi and Rho Deuteron charges and by the resident members of the National Club. This also brings to his mind the superabundance of unparalleled lady-folk upon which to draw for these occasions. The athlete and fan will also remark that basketball and water polo have gained their popularity chiefly at C. C. N. Y. and Columbia. A crowd of ten thousand witnessed a basketball game between C. C. N. Y. and N. Y. U. in 1920. The Pi Deut or Rho Deut can safely say that few Thanksgiving football games draw larger attendance. The sober-faced Phi Beta who crawls down from his attic nest—we hear Mu Deut has installed one of these nooks in their new house—straightens up to say that New York City has within its college and public libraries a greater amount of educational material than can be found in any other seat of learning in America. This assertion, of course, would cause more furor in a college bulletin but still it helps to inflate the chest of the New York Theta Delt.

New York, as such, naturally attracts men from everywhere. It is doubtful if the average Theta Delt undergraduate beyond New York ever meets a small proportion of the multitude of graduates and undergraduates that are so graphically pictured to them in their freshman days. Pi Deuteron with Rho Deuteron enjoys residence at the National Club and in the last two years beside having the continuous inspiration of Brother Norm Hackett, have greeted brothers from every charge in the fraternity and have gleaned from them a knowledge and an appreciation of the fraternity that cannot be surpassed in any charge house.

JAMES G. PENNEY, '23, *Charge Editor*.

Woodworth, M^Δ '91, professor of psychology, Columbia University.

The house team has come out victorious in the interfraternity basketball league, finishing the season with an unblemished record of 100%. This gives us possession of the cup for the next year. We also have teams entered in the interfraternity baseball league and Athletic meet, with bright prospects of repeating our performance in the basketball league.

Brothers Mathews, Allen Nash, and Larson, are working out daily on the track squad, and Brothers Farrell, Bennet and Inglis, with the baseball squad. Brother Murphy has survived Coach Jim Rice's latest cut and is on the river with the lucky three freshman boats from which the first 1924 eight will be chosen.

Four men from the house are cavorting about Earl Hall in the varsity show rehearsals. Brothers Van Manning and Simmons are chorus man and woman respectively, and Walt Farrell is the mysterious guy in *You'll Never Know*.

On the evening of Saturday, January 29, the charge celebrated the closing of the semester examination period. We attended *Lady Billy*, with the ever-intriguing Mitzi, at the Liberty Theatre, and afterwards made merry in the foggy cellars of Greenwich Village. The party was unanimously acclaimed a great success.

During the month the charge was honored by President Buck's official visitation. Other visitors to the charge were Brothers Fred Burghard, '17; Warren McKam, '19; Tom Farrell, '19; Chas. S. Hynes, Pi Deut. '23; J. C. Dohm, H^Δ '18; Ed Hastings, '19; James Saunders Parks, O^Δ '20; S. R. Shepherd, I^Δ '18.

By the time this letter reaches the editor, six new men will be sporting the pin around our house. For the past week strange noises have been issuing from 150 Langdon but now with the lighter part over, all is in readiness for the initiation which we plan to hold March 13. The new brothers are, James K. Gibson, '24; Fordyce Tuttle, '24; Wells Anderson, '24; Robert M. Sykes, '23; Harrington Yost, '23; Isaac Gesme, '23.

Things at the house have been running along in the regular old channels except for the changes wrought by the spring weather. One of the most noticeable of these is the attraction to the back windows. During the winter third floor back is more or less shunned by the brothers because of its resemblance to an igloo but along towards spring it becomes very popular. Of course we like to think we (inmates of said third floor back) are the attraction but we can't help but think that the Chi Omega house next door has a great deal more to do with it. Another change is evident in the work done about the place. We ordinarily think of spring as a time to cut classes, and do all the loafing we can get away with but this spring is different. Valentine's day a number of the boys received cheerful messages from the dean. A couple said "dropped," two or three said "advised to withdraw," and others said "probation." The effect was quite alarming so that production is now at the maximum. We fared as well as most fraternities and a lot better than some. More than three per cent of the entire school was dropped at the end of last semester. After the smoke cleared we found only one missing.

Our bowling team is doing its best to bring home a cup in the finals. Eight teams were picked from the twenty-eight entered to bowl for four cups. Although we lost the first two games there is still an excellent chance of winning a trophy. In basketball we did not do so well, being eliminated in the preliminaries. However, Sykes, one of the incoming class, made a place on the varsity squad. By the way had you noticed that Wisconsin holds down a corner of a three-cornered tie for first place in the conference.

Omicron Deuteron Charge

Top row, left to right: P. Threshie, '22; L. Brooks, '23; A. Gunnison, '22; A. E. Eaton, '23; D. Sweet, '22; J. A. Austin, '23; W. P. Kelly, '23.
Third row: G. Fuller, '23; W. K. Maroney, '23; H. Moore, '23; P. G. Kimball, '22; R. E. Hight, '22; H. Schaaf, '23; C. Swett, '23.
Second row: O. C. Frost, '21; G. D. Plumb, '22; W. E. Caldwell, '22; O. Rice, '22; J. C. Wicker, '21; J. R. Aburn, '22; A. P. Boyd, '22; E. C. Cox, '21.
Bottom row: J. C. Baker, '21; S. W. Plumb, '21; W. B. Marsden, '21; W. J. O'Conner, '21; G. H. Harris, '21; C. Fleet, '21; R. H. Hart, '21; W. G. Prince, '21; P. C. Belknap, '21.

Pi Deuteron Charge

Top row, left to right: L. V. Lindroth, '21; D. D. Driscoll, '25; B. M. Sheridan, '24; A. W. Corcoran, '21; D. V. Cane, '23;
J. H. Githens, '21.
Second row: E. K. Murphy, '24; R. W. Fuentes, '23; J. G. Penney, '23; N. P. Callaghan, '24; I. H. McGowan, '25.
Bottom row: I. A. Carroll, '23; C. S. H. '23.

Phi Mu Alpha, national music fraternity, has just been installed here. Brother Howard Sharp was one of the first men taken in. Howie plays clarinet in the band and sings in the Glee club.

So far there has been no let-up on the new house campaign. Alumni in Chicago, Milwaukee, and through out the state have been sounded out on the matter and all are behind us to the man. Things must necessarily move slowly because it is a big affair and while we are getting it we feel that it must be just a little better than any other house here.

Plans are already under way to have the entire charge at Chicago for the convention. We feel that it is really our convention and we are going to make the most of it. Shall we see you there?

ARTHUR H. BOYLAN, *Charge Editor.*

UNIVERSITY OF MINNESOTA

Something told us that everything was going along too nicely here in Minneapolis last fall, so rather than disappoint us, Wisconsin came up and handed us a 3-0 beating on the gridiron. But you remember that party that we told you about in the last SHIELD—the informal that was planned for the night of the Badger football game. Well, it came off in great style, and forgetting the disastrous results of the afternoon, we showed our Sigma Deut guests what we thought an informal should be like. They said it was the "berries," so we were well satisfied.

That wasn't all. We still had our Christmas formal ahead of us, so we got Brother Harry McKay worrying about the decorations, and he worried so successfully that when the big event started, our house would lose little by comparison with Gamma Deut's new one.

Brother Glenn Marston, Σ '03, dropped in about dinner time and said that he never has seen better decorations anywhere. Theta Delta Chi was ace high among the co-eds on the campus the next morning (maybe afternoon would be more like it).

After all this merriment was over everyone had to get down to work and prepare for the finals, just before vacation. The freshmen came through in pretty good shape and when school began again in January, plans were made for the initiation of eight pledges.

"Hell week" lived up to its famous reputation (under the kindly supervision of Brother Caine), and when Saturday, January 15, came, there were at least eight happy fellows at Minnesota.

The initiation banquet was held at the charge house, about fifty brothers being present. Brother Don DeCarle was toastmaster and proved himself to be a very thoughtful young man by calling upon each of the initiates for a "few words." Needless to say, the words were few, and so were the inspirations.

The principal address of the evening was given by Brother Glenn Marston, Σ '03, who impressed upon the undergraduates the necessity of their working hard for Theta Delta Chi, because the return which they will some day receive will be limited only by the efforts which they now make for the fraternity.

The initiates are: Donald Bostwick, Clarence Derr, Theodore Dahl, Leslie Giddings, James Lewis, Philip Mackey, J. Edward O'Malley, and Ralph Williams.

Since then things have been rather quiet around the house. An effort to reduce the number of dances upon the campus led to our decision to have only one dance this quarter. That will be on St. Patrick's Day, March 17, and plans are now under way to make it a formal which will suffer none by comparison with our Christmas party.

Landreth M. Harrison, '17, who is now back in the school of business, was recently elected charge president. Landy saw over two years of service on the front with the 104th Aero Squadron.

In the way of athletics, Tau Deut has nothing to regret. In hockey, under the leadership of Brother Bope Eldredge, who is a wizard of skates and who played on the varsity team this winter, our sextet lost out one step from the

semi-finals, after a heart-breaking 1 to 0 defeat. The hockey team was a scrappy, class aggregation and was acknowledged as such on the campus.

In basketball, we were beaten out of the division championship by but a single game. Brothers Clarence Derr and Jap Foster were the chief point getters for the Theta Deltas.

All of which goes to show that we are having a very successful year at Minnesota, and that we look forward with pleasure to the visits of any brother who may wander around our way.

PHILIP J. MACKEY, '22, *Charge Editor*.

With the end of the collegiate year near, we have started rushing several good prospects in various prep schools. Starting in September every student entering Lafayette is required to pass entrance exams. This rule has been instituted because of the increased number of applicants in the past few years and the inadequacy of the dorms and housing situation in general.

The charge is well represented on the campus. Brother Reese captained the basketball team to fourteen victories and three defeats and Brother Reeves played guard and shot fouls. In a game against Carnegie Tech he scored twenty points out of the team score of 26.

Brother Hays who is now the head of the house has nearly completed his job as business manager of the college yearbook. Brother Reese was elected life marshal of the senior class. Brother Cannon, '23, is in the final competition for basketball manager and Brother Waddell, '24, for the *Lafayette Weekly*. Brothers Bonno, '21, Reeves, '22, and Tierney, '22, are representing the charge on the baseball club. Brother Budd, '24, is a weight man on the track team. Brothers Waters, '23, and Bresette, '24, are out for the tennis team. Brother Bresette was recently elected to Delta Delta. Brother Collier, '24, is playing Frosh baseball.

Any brother in the vicinity kindly look us up.

WILLIAM TIERNEY, '22, *Charge Editor*.

We have just crashed through three hard weeks of rushing with six new men to add to our rolls. It is rather needless to say that this sextette represents the finest. The freshman delegation is as follows: Albert L. Clarkson, '24, Oklahoma City, Okla.; Charles Keller, Jr., '24, Wilkes-Barre, Pa.; William D. Stewart, '24, Pelham Manor, N. Y.; Robert Doran, '24, Wilkes-Barre, Pa.; Edward M. Twitmyer, '24, Secane, Pa.; Robert P. Hidden, '24, Fitchburg, Mass.

On March 4 the neophytes were initiated at "Pop" Twitmyer's home in Secane, Pa. Following the initiation Brother Edward Van Winkle, PD '00, delivered a very impressive oration. This was followed by the singing of "Love Cannot Die" by some of the fair sex of Philadelphia. It was a most touching affair which will long remain in the memory of all the Theta Deltas who were present. The remainder of the evening was spent in feasting on the delicacies such as only "Mom" Twitmyer knows how to prepare. Not only did we carry home with us that evening many fond memories but also a beautiful silk banner made and presented to the charge by Mrs. Twitmyer.

One may truly say that this has been a year of thrills for Phi Deuteron for on February 13 we had a visit from Brother Ralph Hurd who came all the way from Kirkland Lake, Canada to be initiated into Theta Delta Chi. It certainly is a wonderful example of true fraternal spirit. Business had called Brother Hurd away at the time of the installation of Phi Deuteron but at his first opportunity he did not hesitate to come hundreds of miles to receive his initiation.

The grand finale will come on the night of March 19 when Phi Deuts and graduates will journey down town to the Ritz-Carlton to sit around the banquet table in honor of the new members. All indications are that we will have a good representation of the older members of the fraternity and every means is being taken to make this a most spirited banquet.

Rho Deuteron Charge

Top row, left to right: Frank H. Mead, '23; Van H. Manning, Jr., '23; John D. McGeary, '23; Edmund Howrigan, '24; John Murphy, '24; Herbert Magnuson, '22; Guman Larsen, '23.
Second row: Miles Krepala, '23; Raymond W. Keeman, '23; William T. Taylor, '21; J. Newton Nash, '20; Edward McMannus, '22; Edward J. Matthews, '23; Harold Wacker, '22.
Bottom row: Walter S. Farrell, '23; Eugene Bennett, '24; Allan Nash, '23; John Inglis, '24.

Sigma Deuteron Charge

Top row, left to right: K. C. Miller, '21; A. H. Boylan, '23; J. B. Bolender, '21; K. J. Benz, '21; R. F. Gibson, '23; H. M. Sharp, '22; C. W. Russel, '22.
Third row: M. Mitchell, '21; C. M. Tuttle, '21; D. R. Meade, '22; O. W. Rewey, '22; E. Meade, '23; W. W. Giddings, '22; C. B. Jennett, '20; E. O. Gillen, '22.
Seccnd row: H. B. Royce, '21; D. J. Julian, '20; G. W. Bliss, '23; H. S. Mansfield, '21; M. B. Enger, '22; L. J. Federer, '21; C. W. Nolte, '22; J. R. Ballentine, '21; H. M. Brauer, '21.
Bottom row: T. K. Rodgers, '23; A. R. Charlton, '20; H. K. Dean, '21; W. F. Koch, '22; R. P. Knoll, '21; B. H. White, '22; W. Tappin, '22; F. H. Schmidt, '21; H. D. Allen, '22; G. N. Ballentine, '20.

Within the past few weeks we have been having some wicked interfraternity basketball games and we take pleasure in announcing that ΣN , ΣX , and $\Sigma A E$ have succumbed to our team. Unfortunately we still have more to conquer but why should we worry when we have a team composed of Dan Kavanaugh, Carl Altmaier, John Temple, Tillie Swan and Bill O'Reilly.

Let me remind you once more that Phi Deuteron always has her doors open for any brothers who are visiting Philadelphia. Just recently we have had the pleasure of visits from Brother Howard Bunn, $N\Delta$, Brother Burgess also of $N\Delta$ and Brother Fry of Ψ . We eagerly look forward to future visits from these and other brothers.

WILLIAM POLLARD, JR., *Charge Editor*.

UNIVERSITY OF ROCHESTER

"Make me man, or make me woman,
Make me anything but neuter,
When the sap begins to flow."

Thus quotes one of our favorite professors with the annual appearance of the first robin.

It appears to be allegorical that spring is the season of looking-forward but this being the farewell letter for the college year, it seems logical that a brief account of the year is in order. After a very successful football season during which six brothers landed berths with the varsity, we received a temporary relapse due to the fact that we did not place a brother on the varsity quint. However, we find ourselves well fortified for track and baseball as at least three brothers will make track and at least two baseball. In regard to managerships, Brother Jim O'Reilly handled the football team and two brothers competed for basketball and track respectively. Among the other activities we placed three men with the musical clubs, one in dramatics, and one with the college paper. Along scholarship lines we were quite successful. Although we cannot boast a Phi Beta Kappa brother, we can pride ourselves that there is not a single brother on pro. The financial condition of the charge is better than at any time since the beginning of the war as the closing days of college find us square with the world in every respect. Thus we consider that Chi has experienced a banner year.

With the last lap also appears an exceedingly bright future for the university. During the past year the university has been the recipient of eleven million dollars to found colleges of medicine, dentistry, and music. On top of this comes the sensational announcement that the existing colleges will be moved to a wonderful location beyond the city limits and adjoining the famous Genesee.

During the past two months "Prexy" visited us and showed us some of our weak points in fraternity matters. "Norm" Hackett, $P\Delta$ '98, while facing the footlights here, came out and gave us his splendid lecture and slides. We only wish that every Theta Delt might hear this lecture. Good old Red Uebel attended the Founders' Dinner and daily extols the praises of that event.

Last but not least, we announce the initiation of two sterling fellows: H. R. Jacobsen, '24, Pittsford, N. Y.; and L. A. Connor, '24, Auburn, N. Y.

In closing we won't use that stereotyped expression about the latch string but will say, "Drop in" for we believe that we have something to offer.

HORTON L. WHITE, '22, *Charge Editor*.

THE GEORGE WASHINGTON UNIVERSITY

Initiate: Eugene S. Thomas, '24, Washington, D. C.

If we wanted to give you all of the details we could write a book containing the happenings in Chi Deuteron since our last letter to THE SHIELD. First comes the visit of our President Buck. We enjoyed every minute of his stay in Washington, and we feel that we are a better charge because of his visit and the inspiring message that he left with us. Brother Buck was entertained at a dinner given by the Washington Graduate Association at the University Club, and also delivered the main address at the unveiling ceremony of the Chi Deuteron war memorial held at the charge house.

Theta Delt played a prominent part in the George Washington centennial celebration the latter part of February. Brothers Earl Shea and Scott were the heads of the banquet committee.

At the present time we are engaged in a hot battle for the interfraternity basketball cup. There are nine fraternities in the league, and at the present time we are tied for the first place with Sigma Alpha Epsilon with one game to go. The charge is all tuned up for the final contest, and we expect to take the cup in short order.

Charge elections were held on March 13 and the following are the officers for the ensuing year: John E. Larson, President; Walter H. Phillips, Recording Secretary; William L. Neill, Jr., Corresponding Secretary; Robert L. Geist, Treasurer; and John Russell Mason, Herald. With these officers at the helm Chi Deuteron should enjoy a prosperous year.

Several of the brothers from Nu have visited the charge lately, and we hope to reciprocate by paying a visit to our more southern brothers at Easter time.

We wish all the brothers success in the coming examinations, and will see you at convention.

WILLIAM L. NEILL, JR., '22, *Charge Editor*.

HAMILTON COLLEGE

At this time of the year practically every charge has a line on some '25 material. At least they should have made some plans. We have and are looking forward to a banner delegation. We would be very anxious therefore to receive the names of any such Theta Delt material coming into these parts. Just drop a card to the house if you know of any such men.

A few Sundays ago the college was honored in having Brother F. N. Weston, '00, occupy the pulpit at the College Church. Brother Weston is now pastor at the Brighton Presbyterian Church of Rochester. Brother Morrow, '19, also paid us a visit a short time ago. He is with the New York Telephone Company at Buffalo. Speaking of visitors, Brother Dr. Al. Getman, '11, was surely a welcome one when several of the brothers were confined to bed with the grippe. Two of our "undertaker's sons" looked eagerly at the sick brothers for a time but Al pulled them all through in short order with no casualties.

Three of the brothers honored the Founders' Corporation Dinner in New York by their presence and reported an exceedingly fine Theta Delt good time.

Let's turn to activities. Brother Thompson, '23, made an enviable record on the hockey team this winter. The team scored a total of 58 points to their opponent's 9 during the season and Tommy, playing center, tallied over half of them. He is also one of the best track men the college has had for some time. Arrangements are being made whereby Tommy is likely to run in the international relays at Penn this spring. Several other brothers are showing up well in both track and field events and some are sure of a place on the team. Holmes, '24, is catering to them in the hopes of landing the assistant managership. On the musical clubs we find seven brothers. Charlie Pendleton is also singing on the college quartette.

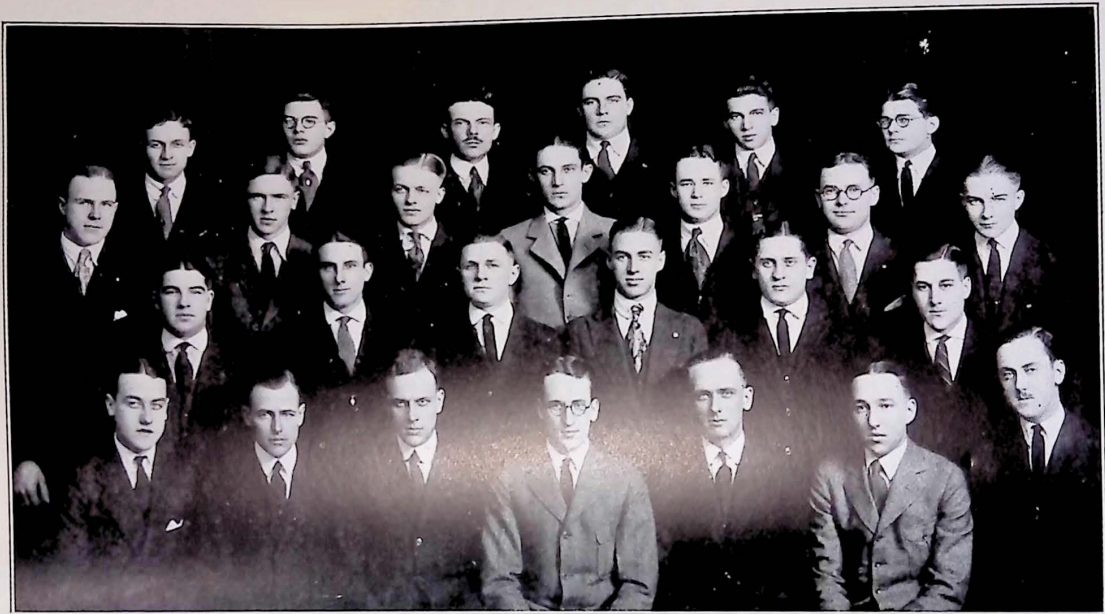

Plans are being formed for our spring house party the last of May. We shall certainly miss the music of Brother Schwarz, '20, who is now kept busy with keeping house in New Jersey and playing at the Palais Royal in New York City.

Permit me to restate in closing what I have said about subfreshmen. Let it be the duty of every Theta Delt, graduate or undergraduate, to forewarn a charge of a possible good brother. A little advance dope is of inestimable value.

M. G. VAN HOESEN, *Charge Editor*.

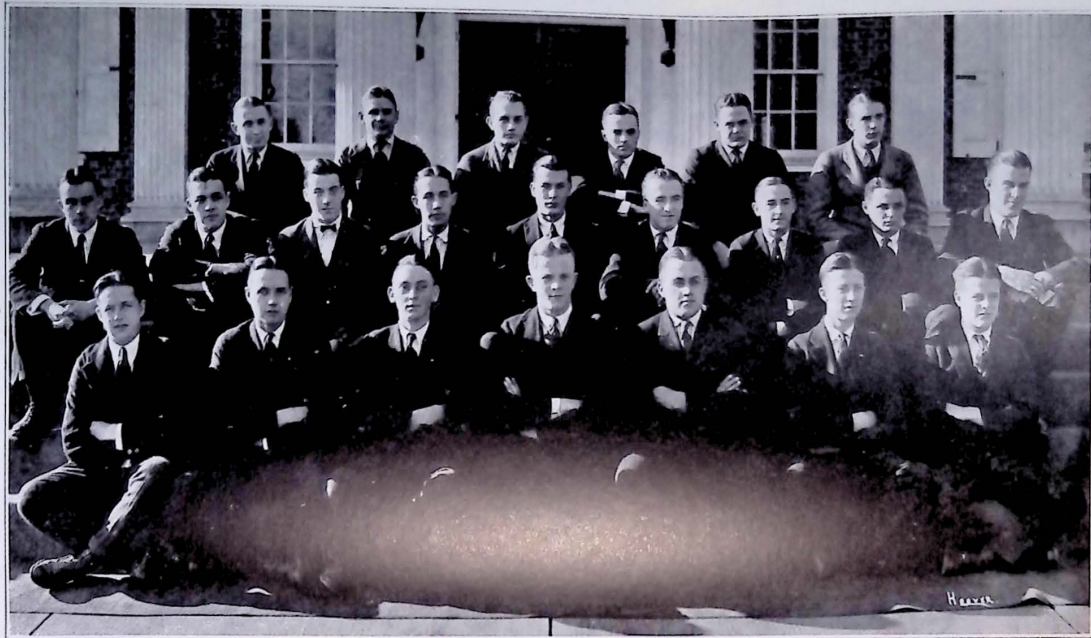

One thousand at the seventy-fourth convention! That's aiming high, but you can't tell, they may make it. Here's hoping.

Tau Deuteron Charge

Top row, left to right: R. W. Williams, '24; D. L. Bostwick, '24; J. E. O'Malley, '23; L. N. Giddings, '24; W. T. Mareck, '22; T. A. Dahl, '24.
Second row: A. H. Greenman, '19; D. E. Creevy, '23; J. R. Youngquist, '22; J. A. T. Caine, '23; W. I. Gray, '23; J. K. Lewis, '23; P. J. Mackey, '22.

GRADUATE PERSONALS

B CHARGE

E. A. DELIMA, B '86, is president of the Battery Park National Bank, New York, a flourishing financial institution.

W. I. EMERSON, '19, who received his degree this February, has taken a position with the Hempel, Noyes & Co. of New York City. He is residing at the National Club.

H. I. HETTINGER, '20, is now Inspector of Public Buildings for the city of Freeport, Ill.

ERSKINE WILDER, '05, who has been very active in the recent endowment fund campaign, and is life secretary of his class, was the first man to be nominated for the position of alumni trustee. It is very unusual for so young a man to be nominated for this position, but so far his has been the only nomination received.

DAVID RUHL, '18, has a very excellent position with the Emerson, Brantingham Implement Co., in Des Moines, Iowa. His address is 1502 11th St., Des Moines.

R. P. RICE, '21, is now attending the Occ School at Harvard. He is living at 1 Claverley Hall, Cambridge, Mass.

C. P. MAXSON, '21, has an excellent position with the firm of Maxson, Purdue & Ketcham, insurance brokers in Cleveland. His home address is 2033 E. 83rd St., Cleveland, Ohio.

JOHN C. HOLLIS, '19, who is now staying at the National Club, has located a position with the General Motors Corporation in their export department, and is expecting to go to France to handle part of their business there.

H. C. HOLLIS, '22, is also registered in the Occ School at Harvard, and is residing at 25 Peterborough St., Boston, Mass.

B. D. KELLER, '20, is now with Kimbel & Son, 534 Madison Ave. (at 54th St.), New York City.

CHAS. T. MORRISON, '19, employed by the Chicago Trust Co., as a bond salesman, lives at 41 E. Elm St., Chi-

cago, not at 72 E. Elm St., as stated in the last edition.

T^A CHARGE

A. R. TOWER, '03, is engaged in the automobile insurance business at San Jose, Calif.

R. C. PATTERSON, '18, is now in Rio de Janeiro, Brazil, with the American Foreign Banking Corporation.

EDDIE FREY, '22, is now associated with Cy Evans, '11, in the Evans-Ayres Advertising Company, Goebel Building, Detroit.

H. G. WARD, '18, is junior member of the Brown-Ward Coal Company, wholesale jobbers, 706 Hammond Building, Detroit.

DON CRABBS, '18, has just returned from a year's sojourn in London and expects to locate in Detroit.

J. L. WHALEN, '17, is with the Chicago office of the Bearings Service Corporation.

EDDIE SHEPARD, '17, is purchasing agent for the Paragon Refining Company, Toledo.

GORD ELDRIDGE, '14, and Bid Stewart, '16, are now associated with Carl M. Green in the advertising business, 904 Free Press Building, Detroit.

ROPE FERRIS, '15, is with the Ingersoll Rand Company and may be reached at 2428 Park Avenue, Indianapolis, Ind.

E. L. BENTLEY, '14, is with the Imperial Oil Company, Sarnia, Ontario.

RON BUTLER, '16, is with the Michigan Inspection Bureau, Real Estate Exchange Building, Detroit.

FRANK WRIGHT, '14, and family have returned to Michigan after a six years' stay in Montana, present address, 1310 Broadway, Detroit.

WY WILLIAMSON, '13, is in the lumber business, operating in Wyandotte, Mich.

K. COLLAMORE, '13, has recently returned from France and with his wife is now located in Detroit.

HARVEY CORNWELL, '12, is sales manager of the Federal Bond and Mortgage Company, Detroit.

JOE PETRIE, '10, is with the Commonwealth Heat Treating Co., Detroit.

W. T. WALKER, '04, is now living in Cleveland, at 2840 Scarborough Road.

WILL THURNAU, '02, is with the Vanderhoff Advertising Agency, Chicago, Ill.

BUD KINNUNCAN, '02, is with the Federal Steel Co., 1001 Penobscot Building, Detroit.

NORM HACKETT, '08, is playing an engagement in *The Tavern* at Cohan's Grand Theatre, Chicago and expects to be there until the Convention.

ΔΔ CHARGE

D. L. MCKAY, '09, is in the bond business, American National Bank Building, San Francisco.

GEO. BOYD, '08, is cashier and vice-president of one of the leading banks in Yuba, Calif.

CLAUDE WAYNE, '07, is with the Pacific Mutual Life Insurance Co., at Los Angeles.

EARLE L. COPE, '06, civil engineer, has just completed the construction of several bridges in California. His offices are in the Holbrook Building, San Francisco.

AVERY HILLS, '17, lieutenant in the Dental Corps is now located at San Juan, Porto Rico.

JOHN HOSKINS, '16, is a captain in the U. S. A. and is stationed at the Arsenal, Watertown, Mass.

WALTER DE LEON, '06, is living in New York and is active in composing songs and sketches. Two of his compositions were played at the Founders' Dinner held recently in New York, and 'tis said they got by big. It will be remembered that Walt wrote the Junior Farce and the Senior Extravaganza when he was in college.

OLIN WELBORN, JR., '04, is a prominent attorney in Los Angeles. He represents the Doheney Oil Interests with offices in the Security Bank Building.

GUS KEANE, '05, is practising law in San Francisco.

CLIFF W. LORD, '11, writes us they have a Graduate Association in Tulsa, Okla. Cliff is president and general

manager of the Rex Machinery and Oil Well Supply Co., there.

JACK JACKSON, '18, is down in Jerome, Arizona, working in the mining business. Jack says he is going to the University of Arizona next September. He writes that he has been refereeing basketball games, fighting Mexicans, jerking sodas, acting in the movies, and rounding up moonshine whiskey.

H. S. HOWARD, '15, is now permanently located in New Orleans as sales manager for the Cutter Laboratories. His address is 525 Casondelet St., New Orleans, La.

MAX ROYER, '15, has been filling the capacity of specialty salesman for the Standard Oil Co. in Los Angeles.

SHIRLEY WALKER, '02, c/o Sherman & Clay Co., Kearney & Sutter Sts., San Francisco; Alexander Stoddard, '10, 2107 Pierce St., San Francisco; Henry A. Heilbron, Jr., 1540 39th St., Sacramento—that's where their SHIELDS are sent, and that's where we'd write if we wanted to reach any of these brothers quick.

Then, too, there's LEON M. GOVE, '10, at 1206 Broadway, Oakland, Calif.

The murderer of McCULLOUGH GRAYDON, '02, of Los Angeles, has been convicted and sentenced to state prison for life. Three other persons await trial in connection with the same crime. A dispute over the rent of a bungalow at Venice, Los Angeles county, resulted in a fight in which several men and women took part, and Brother Graydon was fatally shot. Mrs. Maybelle Roe admitted firing the fatal shot, but said she intended to aim in the air. Brother Graydon was struck in the back. The woman was tried twice, the first jury disagreeing. There were four women on the jury that convicted her. Brother Graydon never mingled much with the Los Angeles Theta Delts. The tragedy took place on September 1 last.

E CHARGE

EDWARD BANE, '16, is president of the Viscose Co., in Roanoke, Va.

P. M. FRY, '21, is doing fine in Richmond with the Firestone Tire & Rubber Co.

EDWARD P. SEVERANCE, '11, visited the national Club recently upon his

Phi Deuteron Charge

Top row, left to right: S. Eldery, '22; E. Duke, '22; M. Lowder, '22; C. Smyset, '21; J. Temple, '22; Wm. Pollard, '21; H. Willi, '22; F. Reichcot, '22; D. Kavanaugh, '22.
 Third row: A. Alvino, '23; N. O'Reilly, '23; Milton Uncapher, '23; Halleran, '24; Andrew Uncapher, '23; A. Derschang, '23; E. M. Twitmyer, '24; F. Reckus, '23; K. Kenehan, '22.
 Second row: W. Stewart, '24; C. Keller, '24; G. Grossgebauer, '23; A. Clarkson, '24; E. Spoenkel, '23; S. Foy, '23; C. Altmaier, '22; R. Doran, '24; J. E. Egan, '24; H. Swan, '23; D. Eiders, '21; S. Temple, '21.

Second row: Newman, '24; Ganung, '24; Comstock, '24; Stape, '24; Whipple, '24; McDermott, '22; Johnson, '23; Whe-
lehan, '23.
Bottom row: Patter, '22; Silver, '22; White, '22; O'Reilly, '21; Marth, '19; Glasser, '20; Nebel, '21; Trentman, '22;
Rumrill, '22.

return from the Orient where he has been serving as super-cargo for the U. S. Shipping Board.

EA CHARGE

HARVEY D. COWELL, '95, has been visiting Brother ROBERT DUN DOUGLASS, Φ '65, at Palm Beach, Florida, during the past winter. Brother Cowell is a successful man of affairs at Troy, N. Y.

Z CHARGE

LEONARD S. LITTLE, '07, is the assistant superintendent in the Pacific Mills Print Works, Lawrence, Mass., and resides on Warwick Ave., Andover, Mass.

C. F. BUTTERWORTH, '09, is now connected with McFadden Bros., Philadelphia cotton merchants, representing this concern in Peru. We understand too that Chick is engaged. Congrats.

DWIGHT W. ROBINSON, '07, has recently assumed the title of manager of the Woods Music Publishing Co., Boston, Mass.

CARLETON F. SIMS and BILL READ, both '13, are reported to be doing excellent work in developing Theta Delt material at the Longwood Day School, Brookline, Mass. We'll wager both of these brothers have a supply of pep not found in the ordinary run of pedagogues.

ROBERT N. FOOTE, '17, has recently made a change, and is at present a bond salesman in the Providence office of the National City Company.

KENNETH L. NASH, '12, is associate judge in the district court at Quincy, Mass., as well as legislative counsel for the associated industries of Massachusetts. He lives at his old home in South Weymouth, Mass.

REGINALD NASH, '14, who served as 2nd Lieutenant A.S. (A) during the war, has returned to Milton Academy, Milton, Mass., where he is teaching history and acting as baseball coach.

ROBERT D. CHASE, '11, some time since returned from New York City, is now actively engaged in the doll manufacturing business in Pawtucket, R. I., and lives at Diamond Hill, R. I. Bob is very much interested in developing a group of Community Players.

CHARLES W. PERRY, '08, plays golf. Recently in describing his luck one Sunday he says he lost three golf balls and broke one golf stick, which is a fair day's work for any man. It is reported, too, that Charlie not long since shook a wicked hoof at a Masonic dance in Los Angeles where he now resides, and from all advices none of the others present had anything on Charlie, although he may not have been quite as graceful as a "Rhodes-on-the-Pawtuxet" debutante. Horace Greeley's admonition to "Go West" got under Brother Perry's skin after toiling 1908-1917 with Perry-Buxton-Doane Co., in Boston and Portland, Maine, and 1917-1920 with Butts & Ordway Co., Boston. He is now with the Metropolitan Exhibit, Los Angeles, an exhibition of architects' and builders' materials, showing the latest and most advanced products of both arts, which has proved a decided success. Summed up, Charlie said when interviewed: "Married 12 years. No family. Same guy with one slight exception—smoke "Lucky Strike" in cigarettes instead of in a pipe."

It's a far cry from the lights of old Broadway and 42nd Street, and the turmoil connected with being an assistant purchasing agent for the U. S. Finishing Co., to the quiet, rural community of New Milford, Conn., up in the Litchfield Hills, where Brother James D. Dean, '00, has taken his bride and assumed his new duties at The Robertson Bleachery. Welcome to the Nutmeg State, Jim!

From Rochester, N. Y., comes news that WILLIAM K. WHITE, '07, familiarly known as Bill or Ken, is identified with the men's clothing manufacturing game as superintendent of the big Hickey-Freeman Co., factory. Bill left the Remington Typewriter Co., plant at Bridgeport some time ago, and carries the well wishes of a host of brothers for his success in the new venture.

WALTER R. BULLOCK, '02, breezed into the Astor for the Founders' Dinner, February 10, and is the same old hail fellow well met as of old. Walt is associated with Whittlesey, Wythes & Wilson (that's all), certified public accountants at 30 Church St., New York.

A voice from the dead! CARL HILAND, '05, the genial, lovable, "Swede" has been heard from. He is living in Portland, Maine, at 250 Dering Ave., and is still with the American Telephone and Telegraph Co., at last reports. We understand Carl is blessed with a wife and two young heiresses, one of whom is in high school now. My how time flies. It seems but yesterday when Carl's beaming face and winning personality helped persuade elusive freshmen at Brown to be wearers of the Black, White and Blue.

California's balmy breezes bring glad tidings of "Gone-From-Us" HARRY JOYCE, '06; erstwhile pride of Brockton, Mass.—"where the shoes come from." At the Los Angeles office of Norton Lilly & Co., steamship agents operating the ships of the U. S. Steel Corporation, Brother Joyce answers all calls for the assistant manager. Most of Harry's fourteen years in California have been spent in Los Angeles, where he has his domicile at 1842 West 49th Street. He has contributed an eight year old prospective Thete to the Native Sons of the Golden West, who, it is rumored, can almost lick the "old man" now; but with the aid of his trusty tennis racquet Harry keeps in good trim and expects to maintain supremacy for some time to come, as well as give all comers proof that he is anything but a has been. From 1908 to 1917 Brother Joyce was associated with the Hawaiian Steamship Co., until Uncle Sam grabbed the ships; from 1917 to 1920 he was purchasing agent for the Mexican Petroleum Co., and incidentally found time to attend an army officers' training school.

District Judge KEN NASH, '12, who in the past has turned out some notable baseball teams at Milton Academy is this year coaching the baseball squad at Tufts College.

EDDIE EAYRS, '16, before making the southern training trip with the Boston Nationals, assisted in coaching the battery candidates at Brown. Eddie expects to break a few records in the Big Show this year and may prove the Babe Ruth of the National League.

WALLY SNELL, '13, is also coaching battery candidates. Wally's whip is still there although he states that the edge is gone from his batting eye. We opine, however that along with

Doc Durgin and a few more of our ex-big leaguers, he could still make the young ones hustle.

DAN KULP, '13, professor of sociology at Brown, has recently put across a fund for "Brown in China" and in the near future will probably induce a large number of Zetas to follow him to the Orient.

FRED LADD, '93, was recently a welcome visitor at the charge. Fred brought with him his hearty and loyal Theta Delt spirit and helped bring back memories of Theta Delta Chi as it was in his day.

This year was the first year since we can remember that "UNCLE BILLY" MARTIN, '62, did not attend the initiation banquet. Brother Martin, who is Zeta's oldest alumnus, was confined to his home by illness, but everyone present at the banquet felt that "Billy" Martin was there in spirit, if not in person. Uncle Billy is looking ahead to the time when he may arise before the seventy-fifth convention at Boston, and tell of the ideals of the fraternity as he has seen them, expanded and built up from the beginnings which those early Thetes laid so well.

It is with sadness that we announce the death of the wife of JOHN SWEETLAND, '18. We can only express sympathy at the loss which must be so keenly felt.

PERCY SHIRES, '06, is seeking a residence in Providence and we look forward to the time when we shall again be able to see him at our meetings.

BUDDIE GOODWILL, '15, who recently returned from Florida where he has purchased an orange grove, says that he made considerable money in a recent business deal when he sold several thousand odd cuff links from his jewelry factory. These cuff links, Buddie states, were sold on the supposition that they would be in great demand by one-armed soldiers returned from overseas.

BYRON WATERMAN, '20, frequently motors down from Boston and on a recent visit gave us the money for his SHIELD subscription. Can't we have more visitors in the near future and put Zeta where she belongs?

STEPHEN G. GOLDTHWAITE, '90, is editor of the Boone, Iowa, *News-Republican*, and he's very likely to read this himself, because he is, and has been for a long time, a SHIELD subscriber.

Chi Deuteron Charge

Top row, left to right: W. C. Scott, '22; J. G. Ladd, '22; H. P. Fisher, '23; F. R. Brown, '24; R. C. Colflesh, '24.

HAROLD KINNE, '15, has left the Curtiss Airplane Corporation, and is now engaged in his father's business. Hal's permanent address is 27 Spring St., Pawtucket, R. I.

ZA CHARGE

A. R. CHAMBERS, '04, is with the Nova Scotia Steel & Coal Co., New Glasgow, N. S.

HI CHARGE

THE SHIELD knows it has a good friend in HENRY G. WOOD, '16, who writes for a list of Eta graduates so that he can get after them for subscriptions. Gouldsboro, Maine, his letter is postmarked.

Swedish-Americans in Chicago and vicinity are urging President Harding to appoint as envoy to Sweden, WILLIAM W. THOMAS, '60, who was appointed consul to Sweden by Abraham Lincoln and who served the country under Presidents Arthur, Harrison, McKinley and Roosevelt.

CHRISTOPHER TOOLE, '08, is taken care of for another year, for he's going to get THE SHIELD at 833 Potomac Ave., Buffalo.

FREDERICK W. PICKARD, '04, was recently elected president of Bowdoin alumni association of Philadelphia.

PROFESSOR WILMONT B. MITCHELL, '90, is acting dean at Bowdoin during Dean Nixon's half-year leave of absence.

ROBERT G. ALBION, '17, is an instructor at Harvard, where he is taking a graduate course.

JIM CHANDLER, '08, has recently been elected treasurer of the Theta Delta Chi press.

DANIEL F. MAHONY, '19, is teaching the natural sciences in South Portland high school.

HA CHARGE

CLARENCE W. CROWELL, '17, is now research chemist with the California-Hawaiian Sugar Co., at Crockett, Cal.

ΘA CHARGE

H. L. MARION, '15, left these United States last August on the *Imperator*, and after covering a good deal of Europe has finally settled down in London as European manager of the

North American Copper Co. His address there is Norfolk Street, Straud, W. C.

JOHN MATHER, '07, is now Major, Ordnance Department, and is stationed at the Watertown Arsenal, Watertown, Mass. He recently responded to Theta Deut's drive for SHIELD subscriptions by sending in his check for five years' worth.

SERVALL HERBERT, '17, has the proper spirit. Although in Asheville, N. C., where Thetes are few and far between, he is still keeping up his interest in the fraternity. He writes frequently to the charge, has subscribed to THE SHIELD is a member of the National Club, and is free from all debt to the charge.

SIDNEY L. COLE, '05, recently wrote in a mighty fine letter expressing his appreciation of the letters sent out by the officers of the Theta Deuteron Alumni Association and their general activity in arousing graduate interest.

GEORGE F. DANA, '93, is proprietor of the Peerless Foundry at Hamilton, Ohio.

SAMUEL P. BLANC, '94, is western manager of the Eureka Fire Hose Department of the U. S. Rubber Co., with offices in the Jacobson Bldg., Denver, Colo.

E. W. BREWSTER, '13, is assistant superintendent of the Plymouth Cordage Co., No. Plymouth, Mass.

HAROLD BUGBEE, '20, has joined the organization of Walter B. Snow & Co., of Boston, an advertising agency for technical products.

STEWART C. COEY, '06, is works superintendent of the Celluloid Co., Newark, N. J. Two Theta Deltas growing up, ages 11 and 6, and a daughter 1 year old.

MAURICE S. CHAPIN, '10, is with the A. C. Dutton Lumber Corporation at Springfield, Mass.

ARTHUR F. CONANT, '09, is doing industrial research for the Alexander Hamilton Institute. He has written the following recent publications of theirs: "General Bonuses," "Making the Employee a Stockholder," "Getting New Business for the Bank," as well as several others now in the printer's hands.

E. R. HARRALL, '18, is in the engineering department of C. H. and R. C. Peckworth Inc., general contractors, New York City.

O. G. HUGO, '18, is in the engineering inspection department of the Westinghouse Electric & Manufacturing Co., at their South Philadelphia plant.

H. S. HADLEY, '20, is with Otis & Co., investment bankers. Hank was married in May, 1918, to Virginia Allison of Leonia, N. J.

C. L. HUFSMITH, '11, writes that he had a most wonderful duck season and is getting out his tackle for the fishing. During his spare time he is cashier of the First National Bank, Palestine, Texas.

H. F. MILLER, '10, is manager of the Fall River branch of the Graton & Knight Manufacturing Co.

J. L. WILDS, '11, is second vice-president of the Protection Mutual Fire Insurance Co., and the Mill Owners' Mutual Fire Insurance Co., offices at 10 West Jackson Blvd. Chicago.

L. K. WEBBER, '13, is in the consulting engineering and service work for the Batavia Service Corporation, 29 Broadway, New York City.

W. G. WELCH, '19, is assistant detail man in charge of production for the Milford Iron Foundry, Milford, Mass.

SAMUEL, N. MCCAIN, '09, is vice-president of the McCain Realty Co., Inc., 315 E. Genessee St., Syracuse, N. Y., and is president of the Central New York Graduate Association of Theta Delta Chi.

JOHN E. WHITTLESEY, '12, is district manager of the Ohio Body & Blower Co., Boston district, and is living at 11 Glenwood Ave., Newton Center, Mass.

A. F. MOODY, '17, can now be reached at Brush, Colo., P. O. Box 851.

F. A. MOORE, '11, is president of A. P. Moore's Sons, Inc., wholesale grocers, manufacturers and importers, at Tyler, Texas. He has written several letters to the charge which show that he has the good old Theta Delt spirit.

E. E. PLACE, '15, is superintendent of the labor department, Renfrew Mfg. Co., Adams, Mass.

A. G. PLACE, '08, is chief electrical engineer of the Youngstown Sheet and Tube Co., Youngstown, Ohio.

G. B. REYNOLDS, '10, is assistant general manager of the International Purchasing Co., Boston, Mass., and in January this year was elected assistant treasurer.

KARL W. RICHARDS, '07, is Maine divisional manager of H. P. Cummings Construction Co. He writes that he has a junior member who will be ready for the slapstick in about eighteen years, and a young lady of seven.

A. F. SPIEHLER, '20, is with the Lewis Recovery Corporation, Boston, Mass., as chemical engineer, and at present is installing a recovery plant at the Dunlop Tire and Rubber Co., Buffalo.

A. K. STEWART, '16, is assistant superintendent of the Lonsdale Co., Lonsdale, R. I., manufacturers of cotton goods.

D. A. TUTEIN, '17, is selling pig iron and coke for E. Arthur Tutein Inc., Philadelphia office.

A. W. UNDERHILL, JR., '11, is still with the Niagara, Lockport and Ontario Power Co., with offices at the Marine Trust Bldg., Buffalo, N. Y.

I CHARGE

THOMAS MELLON, JR., '03, is creating a sensation in Florida with his yacht, *The Vagabondia*, a combination yacht and house boat. Brother Mellon is president of the Gulf Refining Company. He is accompanied by his father, James R. Mellon, II '65.

IA CHARGE

The announcement was made in the February SHIELD of the marriage of CHARLES M. DAVENPORT, '01, to Miss Ellen Tucker. The full name of the bride should have been Ellen Tucker Emerson. Mrs. Davenport is a granddaughter of Ralph Waldo Emerson, and is at present president of the Smith College Alumnae. Brother Davenport is president of the Williams Alumni Association of Boston, and presided at its recent annual meeting at which time he was re-elected for a second term. Elliott

C. W. Johnson, '10, was reelected secretary; Selwyn Peven, '07, and Richard Henry, '10, were two of a quartet of stars who sang and Raymond Hodgkinson, '08, officiated at the piano. All in all, Iota Deut was very well represented.

K CHARGE

SAMUEL MENDUM, '85, and ART COOLIDGE, '03, are in the Massachusetts Legislature.

HAROLD SCOTT, '15, will be glad to welcome anyone at his new home, 766 Whittier Ave., Cincinnati.

PERLEY F. AYER, '14, is now traveling superintendent for the Aberthaw Construction Co., Boston.

C. W. RUTH, '08, is in Chicago. We don't know his address but hope Guy Pierce can find him for us.

BOB, '10, and TOM, '03, KNIGHT, together with COLEMAN TOUSEY, '08, have bought a yacht and with Skipper Perkins, '21, as first officer are planning a summer's cruise.

We are glad to hear that LORIN C. POWERS, '05, is well again after his recent illness.

A. EVERETT PETERSON, '92, is head of the civics department in the Evander Childs high school, Creston Avenue and 184th Street, Bronx, New York City, and resides at 42 West Fordham Road.

P. F. AYER, '14, lives at 97 Warwick Rd., West Newton 65, Mass.

Way down at 42 Broadway, New York, you will find CHAS. E. MC MAHON, '04.

DEAN CHARLES E. FAY, '68, professor of modern languages and dean of the graduate school of Tufts college, has been made a Knight in the Order of St. Charles, with the grade of officer, by the Prince of Monaco, for distinguished services as former president of both the Appalachian Mountain Club and the American Alpine Club. The Order of St. Charles was founded in 1868 by Prince Charles III, father of Prince Albert, present ruler of Monaco, the world's smallest principality. Dean Fay attended a conference in Monaco last May under the Prince's immediate patronage. The Prince himself is a scientist of note. Brother Fay celebrated his seventy-fifth birthday, March 10.

K^A CHARGE

PHIL WESTCOTT, '20, who graduated at the end of the first semester, in January, is now employed in the Milwaukee offices of the C. M. & St. P. railroad. His present address is the Milwaukee Y. M. C. A.

W. C. ARMSTRONG, '15, wrote the charge a letter which arrived nearly a month later. Spud is still in Coblenz, with the American Army of Occupation, and seems anxious to get home, judging from his letter.

GEO. CHAPIN, '09, dropped in on the charge along in January for his first visit in some years. His address is 90 Daily Times Bldg., Davenport, Ia.

H. G. HAAKE, '19, was here March 4-6 with all his old time pep and fascination for the ladies. Harry was down for the Theta formal, you see, but at that we saw a little of him. Harry is still working for the Krehbiel Co., in Chicago.

J. H. PHILLIPS, '23, who is now living at Sunset Farm, Huntingdon Valley, Pa., writes that he has been visiting several of the charges in that vicinity lately, and went to Phi Deuteron's initiation.

L. G. SCHICK, '23, came down to Illinois at the beginning of the second semester, but was unable to get the courses he wanted, so went back to La Crosse, Wis. He hasn't been heard from since.

A CHARGE

"Had a great time at the Founders' Banquet in New York on February 19," writes EVERETT W. CRAWFORD, '01. Which makes it unanimous.

Brother Crawford, as president of the New England Graduate Association is boosting Boston as the meeting place of the 75th convention to be held in 1922.

Many are the friends of CLIFFORD GILMORE ALLEN, '00, now professor of romance languages at Leland Stanford University. Brother Allen, by the way, took his A.M. from Stanford, and in addition he has done considerable work in the universities on the continent. He is author of a Spanish text book which is used in high schools throughout California.

M^A CHARGE

R. W. CARNEY, '21, is living at 32 Chestnut St., Battle Creek, Mich., and working for the Grape Nuts Co.

N CHARGE

RAYMOND C. DINGLEDINE, '14, is teaching in the college at Harrisonburg, Va. He is married and has two children. He is intensely interested in fraternal affairs, and the soul of hospitality.

ALEXANDER F. ROBERTSON, '73, one of the oldest living graduates of the charge, is a lawyer in Staunton, Va. It seems that Brother Robertson must have discovered the secret of eternal youth, for he never seems to get a day older. The recent visit of Brother ARTHUR ROW, K '01, en tour with Fritz Lieber in Shakespearean repertoire, was the occasion of Brother Robertson's entertaining the entire company in his historic home, built in the seventeenth century by Thomas Jefferson. "I never felt so distinguished and honored," writes Brother Row.

N^A CHARGE

When you see a Stone and Webster operation think of F. O. DUFOUR, '06. He's chief structural engineer and a live wire Thete.

On the door of 616 Nicholas Building, Toledo, Ohio, is the name of G. A. GESSNER, president of the Gessner Co., contractors. The delegation of 1893 claims this Theta Delt.

WALT MAGUIRE, '10, gets back to Bethlehem over the week-end after a strenuous week in New York City as eastern sales manager of the Pacific Coast Iron and Steel Co. Walt and

Mrs. Maguire are planning to take in the next convention.

The government has appointed H. S. JOHNSON, '97, as chairman of the sales control committee of the Ordnance Department, U. S. Army, stationed at Old Hickory Powder Plant, Jacksonville, Tenn.

C. A. LUCKENBACH, '96, is third vice-president of the Los Angeles Car and Electric Corporation.

One of the Albion, N. Y., Theta Delts, FRANCIS H. BLAKE, '10, stopped at the house on a trip to Bethlehem, ladden with news of the doings of KNICK KNICKERBOCKER, '19, and DUFF HUMPHREY, '20, and left a SHIELD subscription.

The judge of the Court of Common Pleas of Warren, Ohio, is C. M. WILKINS, '88. Brother Wilkins' address is 126 Belmont St.

One of the engineers of the U. S. Bureau of Mines is R. R. HORNOR, '99, at present located at 142 East Main Street, Clarksburg, W. Va.

SI ASH, '14, superintendent of the Pacific Coast Coal Co., at New Castle, Washington, wrote in sending greetings to Baldy, Petti and Dink. We don't see 'em Si, but we'll do our best to convey your thoughts.

S. P. SENIOR, '97, is president of the Bridgeport Hydraulic Co., and resides at 820 Main Street, Bridgeport, Conn.

MYRL L. (JAKE) JACOBS, '10, runs up to the house now and then for a chat and always has something new in the line of traditions that Nu Deut had ten year ago.

Hello there COPE (A. C.) CALLEN, '09. What you doin' down in Morgantown, W. Va.? Teachin' minin' to the boys of the University of West Virginia, I reckon. Anyway I'm glad to know you're living at 45 Jones Ave., and when I get time I'm going to write you, or at least send a picture post card.

R. R. HORNOR, '99, is connected with the U. S. Bureau of Mines, Department of Interior, Washington, D. C.

CHESTER D. RICHMOND, '96, is thriving in the real estate business in Chattanooga, Tenn.

Ξ CHARGE

From 77 Hathaway Ave., New Bedford, Mass., FRANK W. HEALY, '15,

writes to say, "I can't keep house without THE SHIELD (money order enclosed for renewal). Let's have more on the expansion question. It's good stuff to read and I'm beginning to believe personally that a little expansion is the right thing."

GEORGE M. RUTTER, '20, reports in these columns to the contrary notwithstanding, isn't going to leave General Theological Seminary, New York, to become a teacher. George says so himself, writing to correct an item which appeared in the last SHIELD.

REV. DWIGHT A. PARCE, '93, is now stationed at Palmyra, N. J.

LUCIAN C. ELLSWORTH, '18, is in Chicago. Mail address: 1301 N. Dearborn St.

JAMES R. IZANT, '13, lives at 1 N. Chestnut St., Warren, Ohio. He is secretary of the board of The Trumbull Savings and Loan Company, the oldest savings institution in the county.

Prof. CARL A. HARSTROM, '86, visited Miami and Palm Beach, Florida, in February. Brother Harstrom was at one time urged as a candidate for the presidency of his alma mater, Hobart.

ΞΔ CHARGE

PHIL E. FRENCH, '17, is now in the sales promotion department of the H. W. Johns-Manville Co. He is in charge of architectural sales in the Brooklyn territory.

ΟΔ CHARGE

TOM DAVISON, '20, is now studying law in the office of a firm in Jersey City.

EDDIE BOWEN, '20, sailed February 28 for a three years' training in banking at the branch bank of the National City in Constantinople.

CHARLIE BIDDLE, '20, who has been at the London branch of the Nation City Bank for the past six months, is in New York for two weeks before sailing for Hong Kong, where he will take a course in foreign banking.

HUBIE McDONOUGH, '18, who has been taking a course in second year Tuck School of administration and finance, graduates in April and expects to connect with McElwain & Co., at their Manchester, N. H., plant.

C. E. PIERCE, '16, will sail for England shortly. He is going to London in the travel department of the American Express Company.

ΠΔ CHARGE

H. E. CRAMPTON, '93, professor of zoölogy at Columbia, has returned to this country after touring China, Java, and other parts of the Far East for the last nine months. Brother Crampton brought back with him a great many specimens to be used for the study of the activities of the people of ten centuries ago. This was his twelfth trip in out of the way parts of the world for scientific and historical research.

H. C. NELSON, '91, writes a very interesting letter from 195 N. Park Ave., Buffalo, N. Y., enclosing a SHIELD subscription and telling of his experiences in the World War, in which he served as major. He was fortunate in meeting many Theta Deltas in France. Brother Nelson is a regular attendant at the weekly luncheons in Buffalo, and regrets that so few brothers are able to get to these gatherings at the Hotel Statler. He says that last winter they were privileged to entertain Brothers Bradbury and Clark, who came to Buffalo with their show, *Shingles* (sic).

General WALTER N. P. DARROW, '83, has been elected a director of the St. Augustine (Fla.) School Board and also a trustee of the Florida Normal and Industrial Institute.

P CHARGE

WALTER T. CHANDLER, '71, oldest living survivor of the old Washington and Lee charge, is a regular SHIELD subscriber. His address is 333 W. Lake St., Chicago.

ΡΔ CHARGE

HICKMAN PRICE, '09, has given up his business connections in New York and is associated with his brothers in the firm of Price Brothers, First National Bank Building, Planview, Swisher County, Texas. Price Brothers are engaged in disposing of some twenty thousand acres of their own land, located in the fertile farming belt of northern Texas. Brother Price's home and permanent mailing address is still Lawrence Park West, Bronxville, N. Y.

DR. ROY S. MACELWEE, '07, director of the Bureau of Foreign and Domestic Commerce, spoke on the topic "How and Where To Secure Export Business" before the Boston Export Round Table on March 25.

LIEUT. HARRY WINANT CAYGILL, U. S. A., '17, has been transferred from New York and is now attached to the 34th Infantry, Camp Meade, Maryland.

ALLAN C. McDILL, '16, is now living at 7301 17th Ave., Brooklyn.

CHARLES EDWARD GAUTIER, '12, spent two months of the past winter in Southern Florida, most of the time at Palm Beach.

Σ CHARGE

Can it be true that in the great city of Atlanta, Ga., there is but one Theta Delt? We are told that that is the case, and that this one is Brother S. S. WALLACE, '90, head of the department of English, Georgia School of Technology.

ΣΔ CHARGE

TOM FARLEY, '13, stopped in long enough to say hello. He and Ed are still in the marine brokerage game in Chicago.

Any brother getting into Chicago should not fail to see NORM HACKETT, ΓΔ '08, who is playing in *The Tavern* at Cohan's Grand. He writes that the play is going big and expects to be there for some time to come, and you all know that Norm is always too pleased to meet a Thete. Look him up. Norm isn't the only Thete playing in Chicago at present. Brothers J. H. BRADBURY, K '70, and C. D. CLARK, '95, are starring in *Shavings* at Powers Theatre. From press reports in the *Chicago Tribune*, their show is getting away big.

WALTER T. KYLE, OΔ '12, is with a road supply manufacturing house in Milwaukee. He spent several days with us during the better roads convention in Madison.

HANK GRISWOLD, '20, was up from Chicago for three days. He is now engineer for the Cooper Mfg. Co., of Chicago.

ALEX CHARLTON, '20, sometimes called Dickie has forsaken Wisconsin to go to Lawrence where he expects to get his degree in June.

Among the brothers who become graduates with the ending of the first semester are DAL JULIAN, LOUIE JENNETT, NEAL BALLANTINE, and HAZEN PETRIE.

TUBBY BIRD, '16, was here for two days, but it was during Prom time so we saw little of him.

KIKE ALTENDORF, '15, woke up about three days before Prom with two girls on his hands and sweat some until he found an active brother to take one of them for him. He is still arguing as to who pays the expense.

MR. and MRS. GEO. HAMBRECHT, '06; MR. and MRS. FRANK KESSENICH, '08; M. T. RAY, '14, C. J. OTJEN, '14, and JOHN MCKAY, '21, were the alumni who attended our Prom party this year.

O. M. SALISBURY, '95, has just returned from Europe. For the past two years he has been engaged in Red Cross relief work in Albania, Czechoslovakia and Ruthenia. His home address is Hamilton, Mont.

GUY STANTON FORD, '95, dean of the graduate school of the University of Minnesota and chairman of the department of history, has just been elected a member of the editorial board of the *American Historical Review*.

"Note my new location," says E. J. SPRINGER, '09. And we note it is care Heine Chimney Co., 30 Church St., New York City.

C. R. KAYSER, '06, gets his mail at 1131 Conway Bldg., Chicago.

WALTER F. MANDEL, '19, is living at 21 Sixth Avenue, LaGrange, Ill., while Herb, '17, is with the By-Products Coal Corporation, 410 Congress Building, Detroit. Walt is with Barrow, Wade, Guthrie & Co., of Chicago.

DON FARLEY, '17, is still a travelling auditor for the Internal Revenue Department, and is making himself unpopular with large corporations.

COUNT LYONS, '20, is in the purchasing department of Parke Davis & Co., Detroit.

SAM WARREN, '21, is attending the Detroit School of Medicine, and expects to follow his father's footsteps as an M.D.

We feel that we owe an apology to Sigma Deuteron graduates for inadvertently listing several Sigma Deut

brothers in the February SHIELD as Omicron Deuteron. This occurred in the Marriages, Births, and Engagements section, and the brothers in question were Stuart O. Blythe, Halsey Darrow, R. A. Brodesser, John H. Grace, F. G. Saunders and Harry Kessenich.

GEORGE M. WEBER, '15, who is an accountant for the U. S. Tariff Commission, sailed on February 26th for a two months' inspection trip through Germany in connection with certain cost investigations for the tariff commission.

TΔ CHARGE

HELON E. LEACH, '05, is a lawyer (and a good one, too) at Owatonna, Minn.

BEN FERRISS, '12, is in the Publicity department of Finkelstein & Reuben, Hamm Building, St. Paul. (That combination of name and address would seem to indicate the Chestertonian influence.)

FRANCIS RAMALEY, '95, former charge president, is now a professor in the University of Colorado.

GOTTFRIED HULT, '07, is professor of classical literature in the University of North Dakota, and is the author of several volumes of poetry which have received favorable comment by critics throughout the country.

C. LOUIS WEEKS, '94, has resigned from his position as assistant attorney general of the State of Minnesota to enter the St. Paul law firm of Denegre, McDermott and Stearns. Brother Weeks and Thomas I. McDermott, '96, his new partner, were undergraduates of Theta Delta Chi together.

The latest information which we can gather concerning Raymond E. Chamberlain, '07, is that he is the assistant general sales manager in the truck department of the Packard factory at Detroit.

WILLIAM I. GRAY, '92, has recently completed three years of service as president of the General Alumni Association of the University of Minnesota.

MYRON DASSETT, '17, liked France so well during the war that he has returned to that country to take up a course of study at the Beaux Arts.

In addition to his position as president of the Minnesota Association of Theta Delta Chi, Max A. Lehmann, '98, is general superintendent of the Pillsbury flour mills.

FRED ANDREWS, '98, better known as "Tau Deut Andrews," is at present general sales manager of the Steven and Jarvis Lumber Co. of Eau Claire, Wis.

PAUL GILLESPIE, '17, has been promoted to the position of cashier of the Exchange State Bank, So. St. Paul.

Brothers CLAUDE EHRENBERG, '19, ALLOYS BRANTON, '19, and BERTON BRANTON, '09, are conducting a Theta Delt surgical clinic at Willmar, Minn.

TΔ CHARGE

HENRY LANE WILSON, '79, former Ambassador to Mexico, is being mentioned prominently in connection with the Ambassadorship to Italy. It is said that the Administration regards Brother Wilson very highly owing to his wide acquaintance with diplomats through a period of diplomatic service which has taken him into many parts of the world and extended over many years.

Φ CHARGE

Where, oh where, is SPIKE KENNEDY, '16? It's J. Preston Penfield, also '16, who wants to know. Speak up, Spike, and write Brother Penfield at The Cleveland Athletic Club, Cleveland, Ohio, and tell him where you are. Brother Penfield, by the way, writes on the stationery of The Hadfield-Penfield, Steel Co., successor to the American Clay Machinery Co., modern bakery machinery.

ROBERT DUN DOUGLASS, '65, has completed a palatial residence at Palm Beach, Florida, which he is occupying. He and his brother Benjamin, '71, are the principal owners of the widely known mercantile agency, R. G. Dun & Co.

ΦΔ CHARGE

BUD LIVINGSTON, '19, and his wife have just left for an extensive tour through Europe. Brother Livingston having won the first prize in the Ecole des Beaux Arts, he will combine his architectural studies with his travels.

During the last few weeks we have had the pleasure of having PHIL

WORK, '07, in our midst. Phil has been doing some special work in the hospitals in Philadelphia and in his leisure moments has done much to keep the spirit alive in the marble halls of Phi Deut.

LEON B. FREY, '17, is still basking in the sun in Brazil where he is connected with the National City Bank.

The latest is a telegram from GEORGE HELFER, '17, assuring us that he will be on hand to attend the initiation banquet. Incidentally George is now the vice-president of a large candy factory in Wheeling, W. Va.

RALPH HURD, '11, was giving the the grip to the brothers in Philadelphia during February. He has returned to his mining projects in Canada.

Stick a pin right here: J. C. TWINAM, JR., '19. Address: 528 Georgia Ave., Chattanooga, Tenn.

C. L. EYANSON, '17, would be tickled to hear from any of the boys or to have them stop in at 639 Drexel Bldg., Philadelphia.

X CHARGE

HOMER D. BROOKINS, '80, has resided all winter at 237 Lexington Ave., New York. His summer home is at Bernardsville, N. J.

HON. JAMES A. HAMILTON, PH. D., '98, has entered upon his fourth year as Commissioner of Correction of New York City. A cordial greeting always awaits Theta Delts who call at his office in the Municipal Building.

EUGENE C. ROESER, '01, is one of the untiring hustlers of Chi, and is constantly assisting in keeping the charge in the forefront of all the fraternities represented at the university.

W. B. CLARKE, '01, has resigned as sales manager of the Cottage Gardens Nurseries of Eureka, Calif., and started business January 1 as horticultural broker at San Jose, Calif.

At the initiation banquet held at Eta Deuteron on January 16 there were five men present who were natives of Rochester, N. Y. They were CLARENCE W. CROWELL, H^Δ '17 (aff. from X '17), A. R. TOWER, I^Δ '03, (aff. from X '01), W. B. CLARKE, X '01, W. B. CURTIS, H^Δ '16, and E. A. CURTIS, H^Δ '21, (aff. from B '21). Rather odd, considering the distance from home.

Col. WILLIS S. PAINE, '68, spent the winter as usual at St. Augustine and Palm Beach, Florida.

MARTIN F. TIERNAN, '06, was at Palm Beach in February.

X^Δ CHARGE

EUGENE W. BOND, '12, is holding down the managerial end of the Bliss Electrical School at Takoma Park, D. C.

ROBERT G. CARTER, '19, is managing the plant of the Rosslyn Packing Company, at Rosslyn, Va. Bob offers a personally conducted tour of the works to any visiting Theta Delts.

FERD CARTER, '18, is with Golden & Company in the capacity of assistant to the president.

JACK CHAPMAN, '15, when last heard from, was attached to "gold braid something or other" in Poland.

CLYDE GARRETT, '10, has opened offices in the Colorado Building, and is continuing the practice of law.

GRICK FARMER, '11, is located in the Engineers' Building in Cleveland, Ohio, and in addition to legal practice is engaged in construction work.

The choir of the All Souls' Memorial Church, Brother James Macbride Sterrett, Rector, boasts two Theta Delts; AL MILLER, '16, and DET MARTINSON, '16, which will be a shock to those who know the choristers.

ARBA TINDALL, '09, is assisting Enoch Chase, '05, in the administration of estate matters. Arba and his wife are staying at Wardman Park Inn.

EDDIE WINGATE, '19, has returned from Marathon, Texas, where he spent the winter surveying. Eddie contemplates continuing his study in sculpturing.

BILL UPTON, '16, will resume his work in Washington with the U. S. Geological Survey upon his return from Texas in April.

SHORTY RAYMOND, '14, writes very enthusiastically of his position with the Alexander Hamilton Institute, New York, and it should not be wondered at if sometime in the very near future the Institute should be represented abroad by this same personage.

HENRY R. PYNE, '93, is head of the department of classical languages in the Evander Childs High School,

184th Street and Creston Avenue, Bronx, New York City. He resides at 1115 Boston Road.

Ψ CHARGE

ARCHIBALD C. McLACHLAN, '81, has been principal of the Jamaica Training School for Teachers for twenty-four years, and resides at 59 Alsop Street, Jamaica, L. I. At the graduation exercises on January 26, 1921. Brother McLachlan had Hon. James

A. Hamilton, Ph.D., X '98, deliver the address to the graduates.

We've been watching the public prints, but we haven't seen any notice of ALEXANDER WOOLLCOTT, '09, jumping from the top of the Times Building as a result of an attack (?) by one George Jean Nathan in the February *Smart Set*, entitled "The Seidlitz Powder in Times Square." Call on us, Aleck, if you want any help in beating up this, now, bird.

LUNCHEONS

- Los Angeles—University Club dining-room, top floor of Consolidated Realty Building, Sixth and Hill St., Friday at 12:30 o'clock.
- Buffalo—Hotel Statler, Monday, at 12:30.
- Pittsburgh—Private Dining-room, Kaufmann's (department store) Restaurant, Friday, 12 o'clock.

- Philadelphia—Arcadia Grill, Widener Building, Chestnut Street near Broad, Friday, 12:30 o'clock. Monthly meeting second Tuesday of each month, 3608 Walnut St. Dinner at 6:30, meeting at 7:30.
- Richmond—La France Cafeteria, 809 E. Grace St., Saturday at 1 o'clock.
- New York—National Club, 619 West 113th St., daily except Saturday, at 12:30.

IN MEMORIAM

We would like to receive and publish an obituary of each and every brother who has passed into the Ω Charge.—Editor.

Howard M. Hanna, A '59, pioneer Theta Delt, brother of the late Senator Mark Hanna, and reputed to be one of the wealthiest men in Ohio, Ω February 8, 1921, at his winter home in Thomasville, Ga.

Brother Hanna was born at Lisbon, Ohio, on January 23, 1840. In 1861, two years after his graduation from Union College, he enlisted in the United States navy and served four years. He was with Farragut on the Mississippi and at Mobile, and during the last days of the Civil War he was stationed at Richmond, capital of the confederacy.

After the war he went to Cleveland, served for a time on a Lake Erie vessel for the purpose of studying lake shipping, and then went into the marine insurance business. Gradually he branched out and conducted a freight and passenger business on the lakes. He subsequently became one of the pioneers in the oil business, and was associated with John D. Rockefeller. Later he sold his interests to the Standard Oil Co., and bought a controlling interest in the Globe Iron Works, of which he was president until it was merged with the American Shipbuilding Co.

Brother Hanna married Miss Kate Smith of Hartford, Conn., who died in May, 1919. He is survived by three children and two sisters.

Foremost in civic vision and endeavor in Cleveland's early days, and generous as a philanthropist more recently, Brother Hanna was honored as a citizen and a leader among business men. No other Clevelander had done more for the advancement of medical science than he. His gifts to Lakeside hospital, the medical department of Western Reserve University, and the proposed Babies' hospital amount to more than a million dollars. He was an honorary member of the Academy of Medicine of Cleveland and held an honorary physician's degree.

In the *Cleveland Plain Dealer* of February 8, in the department "Fifty Years Ago Today," there appears this note: "H. M. Hanna went east to accompany home the body of George S. Benedict, victim of wreck." By a strange coincidence, Brother Hanna died just fifty years from the day he left Cleveland to accompany home the body of Geo. S. Benedict, Θ '60.

Brother Hanna was always a loyal and enthusiastic Theta Delt. He was keenly interested in the movement to revive the Alpha, his own charge, and it had been reported that if the charge were revived, he would make a substantial contribution toward purchasing a charge house.

Frank John Urquhart, Ω A '87, associate editor and part owner of the Newark, (N. J.) *Sunday Call*, Ω February 25, 1921, at his home 333 Clifton Avenue, Newark, from heart disease and a complication of ailments which had confined him to his bed for two weeks.

Brother Urquhart was born in Toronto on May 4, 1865, and spent his boyhood in Leominster, Mass. While in Dartmouth he sent to the *New York World* a report of a serious railroad accident near Hanover, and this work probably determined his career. Following his graduation he found employment in the office of the Newark *Daily Journal*, then he represented the *New York World* in Newark, and then in February, 1890, he accepted a position with the *Call*, where he was a busy worker for thirty-one years, or until a few weeks before his death.

In his writing Brother Urquhart specialized in school work for many years. He was also interested in the work of the Public Library and the museum association. He was an authority on Newark history and lore, and

was largely responsible for the publication in 1914 of three volumes entitled "A History of the City of Newark, Embracing Practically two and a half centuries, 1666-1913." The book was designed primarily for use in the public schools and is said to be the first school history of a city produced in the United States.

Brother Urquhart enjoyed a wide circle of friends in Theta Delta Chi. He was always present at fraternity gatherings. Mrs. Urquhart and two daughters survive him.

Speaking editorially, the *Newark Call* says: "An untiring worker he was, as is evidenced by the voluminous history of Newark that he wrote and the lectures that he prepared and delivered while rendering with great zeal his service to the *Sunday Call*. This unflagging industry, with expenditure of much nerve force, is the one fact about Frank Urquhart that his associates must regret today, for it alone explains the weakening of his heart and the ending of his valuable and beautiful life a quarter century too soon."

Ernest S. Bartlett, H '88, Ω March 1, 1921, East Stoneham, Maine.

Brother Bartlett died of pneumonia, at a few days less than 55 years of age. Brother Bartlett graduated from Bridgeton Academy and Bowdoin College, taking the Sewall Latin prize while in college. He read law in the office of the late Hon. James S. Wright of Paris Hill, and was admitted to the bar, but never practiced. He secured a position with the census bureau, at Washington, and was after a short time transferred to the pension bureau, where he remained for a long time, serving for some years as special examiner. Some ten years ago he resigned his position and returned to Stoneham to go into lumbering. He was never married.

Ernest Seymour Bartlett, H '88; Ω March 1, 1921.

WHEREAS, It hath pleased Almighty God in His infinite wisdom to summon our beloved and esteemed brother, Ernest Seymour Bartlett, of the Class of 1888; and

WHEREAS, In his death the Eta Charge of Theta Delta Chi realizes it has lost a true and faithful brother, whose every effort was directed toward the betterment of the fraternity therefore be it

Resolved, that the members of Eta Charge mourn the passing of one, so deeply beloved by all who knew him, into the Halls of Omega, that their heartfelt sense of bereavement be extended to his family in their sorrow, and that they be assured of the inexpressible grief of the Eta Charge at the loss of one who was bound to it by the closest ties of friendship, and be it further

Resolved, that these resolutions be entered upon the records of Eta Charge, that a copy be sent to his bereaved family, to the Grand Lodge, to each Sister Charge, and to THE SHIELD of Theta Delta Chi.

For Eta Charge,

GORDON R. HOWARD,
HAROLD E. BEACH,
CHARLES L. FLETCHER.

James L. Higgins, H '78, Ω January 23, 1921.

WHEREAS, In the death of James L. Higgins the Eta Charge of Theta Delta Chi has lost a true and faithful brother whose every effort was for the welfare and comfort of those about him, and

WHEREAS, In the course of a long service in the practice of law he showed himself to be an able and successful man of the highest integrity, therefore be it

Resolved, that the members of Eta Charge mourn the passing of one, so deeply beloved by all who knew him, into the halls of Omega, that their heartfelt sense of bereavement be extended to his family in their sorrow, and that they be assured of the inexpressible grief of the Eta Charge at the loss of one who was bound to it by the closest ties of friendship, and be it further

Resolved, that these resolutions be entered upon the records of Eta Charge, that a copy be sent to his bereaved family, to the Grand Lodge, to each Sister Charge, and to THE SHIELD of Theta Delta Chi.

For Eta Charge,

GORDON R. HOWARD,
HAROLD E. BEACH,
CHARLES L. FLETCHER.

Charles Davison, Δ '66, Ω January 7, 1921.

Walter M. Glass, X '96, Ω January 1, 1921, at his home Long Meadow, Pittsford, N. Y. Brother Glass entered the University of Rochester from the Brockport Normal School. During his college course he was president of the sophomore class, editor of *The Interpres*, captain of the varsity football team and president of the charge.

After graduation from college, Brother Glass studied law and was admitted to the bar. He served throughout the Spanish-American war. For a number of years he was an associate editor of the *Public Utilities Reports*, and later an editor with the Lawyers' Co-operative Publishing Co. His wife survives him.

W. Harry Wright, Φ '75, Ω February, 1921, at the home of his son, 502 Radcliffe Street, Bristol, Pa. Brother Wright formerly lived in Newark at 2 Broad Street, and was for ten years connected with L. Bamberger & Co., as assistant superintendent. He retired from active business last August, and went to Bristol to live with his son who is a professor of Latin and Greek at Bryn Mawr. Brother Wright died suddenly as a result of a heart attack.

An Associated Press dispatch from the Pacific fleet, dated "Aboard U. S. S. *New Mexico* at Sea, January 14," told of the drowning of two men of the fleet who fell overboard from destroyers. One of the victims was Edgar Oscar Eckstrum. Of him the dispatch said: "He formerly was a student at the University of California two years, a member of the football squad, and of the Theta Delta Chi fraternity." No other information is available.

"The idea carried out by James G. Penny, '23, charge editor for Pi Deuteron, of writing up some local history or tradition, is mighty fine. It means that the charge letter is interesting to others than the graduates of the particular charge—and it is also a reminder to the local alumni which will serve to bring back happy memories. I wish all the charge editors would follow a similar plan."—Herb Mandel, ΣΔ '17.

Engagements

William Howard Watson, $\Lambda\Delta$ '15, to Miss Una Aileen Wright of Somerville, Mass.

Eban Wallace, $O\Delta$ '20, to Miss Muriel Merritt of Boston.

George Bird, $O\Delta$ '23, to Miss Romaine Stevens of Boston.

Walter Prince, $O\Delta$ '21, to Miss Margaret Cooper of Hanover, N. H.

Ruben M. Fox, $\Delta\Delta$ '23, to Miss Capitola Pingree of Ogden, Utah.

C. R. Wardell, $B\Delta$ '21, to Miss Jessie Aitken of Colorado Springs, Colo.

Marriages

Lawrence W. Babbage, $M\Delta$ '11, was married to Miss Dorothy Annie Davenport on January 15, 1921, at the Church of The Beloved Disciple, New York.

George E. Lees, $N\Delta$ '17, was married to Miss Mary F. Walsh on February 3, 1921, at Grand Rapids, Michigan.

Barton Dixon Wood, $I\Delta$ '13, was married to Miss Justine Cook of Bluffton, Ind., on March 5, 1921.

Eugene A. Curtis, B '21, was married to Miss Florence Edwards, at Merced, California, in September, 1920.

Births

Mr. and Mrs. P. C. Gunion, $\Phi\Delta$ '14, announce the birth of Frederick Ashley Gunion in February, 1921.

Mr. and Mrs. R. E. Doherty, $K\Delta$ '09, announce the birth of a son, James Anthony, on February 4, 1921.

Mr. and Mrs. G. E. Pfisterer, $K\Delta$ '08, announce the birth of a son, George, Jr., on January 7, 1921.

Mr. and Mrs. H. L. Tower, K '10, announce the birth of a son.

Mr. and Mrs. Paul Wilder, B '12, announce the birth of a son, Paul, Jr., on March 20, 1921.

We've seen nothing finer in a long time than the little four page newspaper published by the New England Graduate Association. We recommend it to other graduate bodies.

LETTERS TO THE EDITOR

DEAR MR. EDITOR:

WHEN JIM BRADBURY of
Kappa '79

AND CHARLIE CLARK of
Kappa '95

AND NORM HACKETT of
Gamma Deuteron '98

ARE ALL playing

STAR PARTS

IN CHICAGO

SIMULTANEOUSLY

OR synchronously

OR something

DON'T YOU think

THE CHICAGO boys

WOULD BE justified

IN SAYING "Here comes

THOSE three

THEATRE Delts"?

I THANK you.

F. T. S.

THE CLUB AND ITS FUTURE

Editor, THE SHIELD:

There were quite a few doubters who said that a Theta Delt Club in New York would fail. There are still many brothers who either don't know such a club exists, or who have never joined the evening round table.

To all doubters and the rest, it may be news that the club is so successful it has outgrown its present quarters. Those who live within its portals know that it is of service to the fraternity. Those who read *THE SHIELD* know that it has been financially successful.

Is there any good reason why the club should not be of more service?

Yes! In its present location, many brothers do not find it convenient. Out of the club and theatre center, it is not useful to many transients who would be delighted to use it. The main reason why our club cannot be more useful (and aren't we pleased to say it) is because there isn't room for those who use it now. Every bed is occupied and has been for months. There is a waiting list for the "dorm" and even after a lucky brother gets in, he must wait six months or more before a vacancy occurs in a room—with two or three other brothers.

Few will dispute that under these conditions a larger club in the club district would not be of more service to Theta Delta Chi, and more in keeping with the dignity of the fraternity.

I can almost hear some of the doubters say that the expense would be too great, that the hard working youngsters who now gather nightly in the reading-room would not be able to stand the increased cost, etc., etc. Those who are looking for excuses NOT to help will find plenty without trouble.

The brothers who have given the matter some attention assert that the move CAN be made; that a new club house CAN be financially successful; that the present membership of 450 can be more than trebled. Those who say this were the ones who had faith in the present club house. Their judgment has been vindicated, and for one, I believe them now.

The active charges are all interested.

The new club house will be brought up and discussed at the annual meeting of the directors of the Theta Delta Chi Club in April.

The subject will certainly be discussed at convention.

I venture the humble opinion that a new club house accommodating at least fifty (double the present accommodations), a grill room in which you will be proud to entertain your guests, facilities for the office of the secretary of the Grand Lodge, editorial and business offices for THE SHIELD, and a comfortable home-like lounge- and reading-room with a fire place and a crowd of brothers, that all this "impossible" comfort will be an actuality before two years, indeed before one year has elapsed.

A new home is essential to progress.
Shall we progress?

WILLARD INGHAM EMERSON, B '19.

SHALL THE SHIELD GO ON?

Editor, THE SHIELD:

I have \$2 and an idea. THE SHIELD is going to get them both.

See here, Brother Silver, I'm old enough to be your dad, and I am going to talk to you like a Dutch uncle. Where do you get that stuff about the likelihood of "the passing of the fraternity magazine"? Most of us have met and overcome bigger deficits than that of \$300 or \$400 now confronting you. THE SHIELD is indispensable to Theta Delta Chi, and it is here to stay. No wonder you're downcast and blue now and then. Nobody can blame you, considering how little the most excellent magazine you are putting out seems to be appreciated. But, cheer up! Dip your venomous pen in the blackest ink you have and roast the delinquents. All the brothers not in Omega Deuteron—the charge composed of those who are dead and don't know it—will stand by you when the situation is made plain to them.

Now, please print this well up toward the front of the next SHIELD where all your readers will see it. I am one of the thirteen Eta subscribers. I used to be proud of Eta and hope to live long enough to cheer for it again. There's hope ahead. The letter from Henry G. Wood, H '16, who is away up in the wilds of Alberta, should awaken all the men in our down-east charge.

President Buck is working for you, and his influence is bound to have its effect. No fraternity or any other enterprise can succeed in these days without advertising. THE SHIELD is the publicity medium of Theta Delta Chi, and it must go forward if the fraternity does. I am an expansionist, but I want to see the Omega Deuteron charge suppressed.

Now here's my idea. The \$2 will follow. I'll use the money in donating a SHIELD subscription to a non-subscriber. I'll insist upon him putting out more than \$2 worth of time and money drumming up other subscribers. Moreover, I'll write to two Eta men who were my chums in college and demand that they take THE SHIELD. Those boys are well fixed. They won't refuse.

Let every present patron of THE SHIELD go and do likewise. We can double or treble your graduate list, which Brother Buck estimates at 650, I believe. And then you can accomplish what may appear impossible now and make THE SHIELD even better as well as bigger. And don't forget to beg, command and demand that every member of every graduate association subscribe. Let the associations make that a feature of the by-laws. Then you will have a small army of assistant solicitors. And Eta will shake off the 13 hoodoo and Omega Deuteron become *non est*.

All SHIELD subscribers should be Theta Delt workers. If they're not, get 'em on the job, and your problem will be solved.

BART, '80.

ABOUT SHIELD SUPPORT—AND OTHER THINGS

Editor, THE SHIELD:

Kind o' darn mean, don't you think so, asking in the February SHIELD for knowledge of a Thete who has had THE SHIELD for twenty-five years or more, when I've had it only twenty-two and a half? Well, you just wait till 1924 or thereabouts, and I'll tell you about one—that is, providin' you

don't have to close up shop for lack of coin to buy paper. It's a darn shame, yes it is, that so good a fraternity quarterly as THE SHIELD has to beg, literally get down on its poor old bones and beg the alumni to subscribe. Why, I wouldn't be without it even if the price doubled. Have to have it every three months, if only to know what Herb Crooker is doing, or what Jimmie Hamilton is trying to do to make a success of Hylan's régime.

But really, to be serious, how can a good, up-to-date Thete, get along without THE SHIELD? Your February number is fine. I've read it from the outside cover to the "Thank you" at the end, and it's all interesting.

By the way, I noticed in looking at my Vol. XV, No. 1, of March, 1899, that we had 21 charges in '99. Now we have 29. Isn't that a pretty slow gain—only a net gain of eight charges in twenty-two years? What's the matter with the anti-expansionists? Are they so self-satisfied that they think there are no more good colleges in the U. S.?

Congratulations to Nu Deuteron and Gamma Deuteron on their new houses.

RAY H. HART, X '02.

HOW OLD IS OUR WHISTLE?

Editor, THE SHIELD:

I have just been reading the last SHIELD and your article in the Theta Delt whistle gave me much pleasure and brought back many reminiscences. You quote the custodian of the archives as saying there is authority for the use of the whistle as far back as 1879. I think I can go him one better. I was of the class of '79 and left college at the end of 1878, but we used the whistle a good deal there. It was before the days of charge houses and we met down town in a top story room in a business block which no one but ourselves, not even the janitor of the building, was allowed to enter. On our way down town the whistle would round up a bunch of Theta Deltos on almost any street, and at other times I have known it to be used as a sign of distress when a brother needed reinforcements.

My recollection is that we learned the whistle at the time of the thirtieth convention, held in Boston in February, 1877, and I am quite sure we got it from a Pennsylvania charge, either Psi or Phi, I think the latter. Where they got it or whether they originated it, I do not know, but they were much interested in having all the boys at the convention learn it and pass it around.

Riding in a street car in vacation time and many miles from college, I have heard that whistle only to look up and see my college roommate standing on the sidewalk beckoning me. I have not heard it in many years and think it should be revived, for it certainly has its uses as a distinctive "brother's call."

C. E. MAXFIELD, K '79.

Maybe you wouldn't walk a mile for a Camel, but boy oh boy, we bet you'd hit the happy 'ighway with a smile you could see a mile if that were necessary to reach Chi for the 74th—June 30, July 1 and 2.

WITH SHEARS AND PASTEPOT

BY SANFORD B. COUSINS, H '20

Affiliates: Should the happy day ever arrive when we would not have to worry over the ever present problems of "legacies" so-called, and "affiliates" or "transfers," we could indeed repose our souls in peace. This seems hard on the affiliate and in one way it is. But the man who transfers from one chapter to another has his salvation in his own hands. Not only this, but he also can save the peace of mind of the chapter to which he goes and preserve the reputation of the chapter he comes from. It is really a grave responsibility.

The ideal situation is for every brother who goes from one chapter to another to be received with open arms. He should be; and in nearly every instance the welcoming chapter is glad to see him. And yet how often do they regret afterward the advent of some brother who has been affiliated and who has neglected his opportunity to make for himself a place in the minds and hearts of his brothers?

This is an old subject but we want to repeat here that the burden is really upon the transfer. The old adage, "When in Rome do as the Romans do," was never more true than in this instance. Don't emphasize what your chapter does and how, when you go to another. Wait until you have the viewpoint of your new chapter brothers before you start reforms. Be pleasant, but quietly so, and realize you are in much the position of a guest. Be careful of your appearance and be a credit to your old chapter.—*The Circle of Zeta Psi.*

It's lucky this form isn't copyrighted or our Charge Letter Dept. would be rather small.

After reading a number of chapter letters it seems as though chapter correspondents (and this is not confined to Alpha Sigma Phi) must use a standard form somewhat as follows:

Chapter opened with a bang, and commenced what promises to be the most successful year of its history. We have _____ members back, having lost _____ by graduation last June. After a bitterly contested rushing season, we have succeeded in pledging _____ of the cream of the Freshman class. We held a dance on _____, which was regarded by all as one of the most successful events of the college year, and the Brothers tripped the light fantastic till 3 A. M. Brother _____ is burning up the cinder path, while Brothers _____ and _____ are out for the football team, and their prospects of landing a regular berth on the team are bright indeed. (After this insert several lines of local gossip absolutely unintelligible to the graduate of more than a year's standing.) Brother _____ is out for the _____ and Brother _____ is out for _____, etc., etc., etc. (under no circumstances fail to mention the most trivial activity.) We have been favored by visits from Brothers _____ and _____, and want all Brothers in _____ to remember that the latchstring is always out at _____ Chapter.

Some chapter letters are not stereotyped, however. But it seems hopeless to reform the majority of correspondents.—*The Tomahawk of Alpha Sigma Phi.*

FOR OUR ALUMNI

Consider the cheese
When old age frets,
The older it grows,
The stronger it gets.

—*Phi Chi Quarterly.*

In "How to Succeed in Study and yet Find Time for Outside Activities," President Henry Louis Smith of Washington and Lee University lays down the three following rules:

First: Systematize your daily Program of Work and Play.

Second: Limit your outside Activities and be wise enough and strong enough to cut out purposeless Loafing and useless Recreations.

Third: Learn to study always with white-hot Concentration.

In closing he adds these suggestions:

A. Make your surroundings favorable to intense undivided concentration during times for study.

B. Invent and adopt Methods of Stimulating your Concentration.

C. And finally, Learn to concentrate your attention on a subject as a matter of Willpower, regardless of its intrinsic interest or attractiveness.

—The Delta of Sigma Nu.

Beta Theta Pi is considering the proposition of limiting the size of its chapters, with the possible exception of the Yale chapter, to thirty-nine members.

Several fraternities are planning tours for next summer through Europe. Kappa Sigma and Kappa Alpha have already made out their itinerary and are trying to get as many brothers as possible to take advantage of this opportunity to visit these historic places in fraternal company. The whole tour will take approximately two months.

Psi Upsilon again publishes a fraternity magazine—the last one appearing in 1887. The name is *The Diamond* and is published by the Psi Upsilon Club under the auspices of the Psi Upsilon Fraternity.

The Stanford student gives more thought and attention to his dress than any other student I have known. When I was a graduate student at Harvard, I used to think that the Harvard undergraduate took fastidious pains to emulate the dress of the hobo, but the Stanford man in his corduroys has the man from Harvard pushed back into the primer class. He glories in his baggy trousers and his negligee shirt. If his pantaloons show any signs of neatness or freedom from stain, he puts bags into them intentionally, he decorates them with grease and India ink, he makes a sort of memory book of them by covering them with hieroglyphics or the autographs of his pals. He takes as much pride in looking his worst as an Illinois tea hound takes in looking immaculate. He does it so thoughtfully and so well, too, that it only adds attractiveness and charm, as he really means that it should. They are a wise lot, these college boys, wherever you find them.
—Dean Clark in *Alpha Tau Omega Palm* via *The Caduceus* of Kappa Sigma.

DID YOU KNOW THAT

153 Kappa Sigs wore their varsity insignia last year in football. The Phi Psis had twenty-six captains of major sports.

Anita Stewart wears a Kappa Alpha fraternity pin—her husband's. Lucky boy.

George Sisler, leading batsman of the American League for 1920, is a member of Delta Tau Delta.

At the last convention of Phi Delta Theta, Postmaster General Will H. Hays was elected president of the fraternity.

Sigma Nu has adopted a scholarship key, to be awarded to the member of each chapter who has the best scholastic record.

The Business Sessions

First Session

The first session of the Seventy-third Annual Convention of the Theta Delta Chi convened at Hotel Radisson, Minneapolis, at 10:30 A. M., Thursday, July 8, 1920, President Frank H. Buck, $\Delta\Delta$ '07, presiding. The session was opened by Brother Phillip R. Thomas, $\Gamma\Delta$ '98, who on behalf of the Minneapolis alumni thanked the fraternity for bringing the Convention to Minneapolis and welcomed the visiting brothers, saying that the keys of the city are lost and the gates always open.

President Buck responded to the welcome and after singing "The Star Spangled Banner," "God Save the King" and "Come My Boys," the meeting was finally opened by the Custodian of the Archives, Frederic Carter, $E\Delta$ '90.

The Credentials Committee reported the list of delegates and after substitutions made and accepted, the secretary called the roll and a quorum was found to be present. The Convention was then addressed by Brother Guy S. Ford, $\Sigma\Delta$ '95, Dean of the Graduate School of the University of Minnesota, on behalf of the university. A cablegram from Brother Burt Winchester, $\Gamma\Delta$ '02, sent from Warsaw, Poland, was read in which he extended his very best love and wishes to the Convention.

The Committee on Unfinished Business reported that none had been left over from the last Convention.

President Buck then called Brother Frank E. Compton, $\Sigma\Delta$ '98, to the chair and read his report as President of the Grand Lodge. The report was referred to the proper committee and a special committee was appointed to consider the petitions submitted for new charters.

The report of the Graduate Treasurer was then read and referred to the proper committee. Brother Lewis A. Barker, Z '99, moved that that part of the President's report referring to proposed charters from graduate associations be considered immediately, which motion was duly carried and the Convention then granted three charters to the Cleveland, Southern California and New England graduate associations. Their delegates were ordered seated for the afternoon session. The first session closed in due form at 12:40 P. M.

Second Session

The second session was opened at 2:25 P. M., the roll called and a quorum found present. The report of the National Club of Theta Delta Chi was presented by Brother Norman Hackett, and in succession, reports of the Secretary of the Grand Lodge, Editor of THE SHIELD, President of the Founders' Corporation, Custodian of Archives and other officers were presented and referred to proper committees.

come down on the desk of Brother George Snyder, to whom it was asked that information be sent concerning any of those whose addresses were missing.

Brother Snyder has called us off the trail. He has found them all, he says—at least he has found so many of them that he has hardly had time to sort 'em out and see who's lost and who isn't.

Anyway, here's what we find:

C. R. Kayser, ΣΔ '06, wasn't lost at all. THE SHIELD had his address all the time (1131 Conway Bldg., Chicago) and he himself writes to say, "How come?" He also adds: "Dam good SHIELD, last issue." That's why he appears first.

"Remove me from the Lost Legion," writes Frank W. Healy, Ξ '15, "and put me down for 77 Gathaway Ave., New Bedford, Mass. May I never be lost to Theta Delta Chi again!"

N. W. (Nat) Myrick, Z '00, writes to say his address is 667 West 28th Street, Los Angeles. Secretary, Consolidated Pipe Company, his letterhead reads.

From J. Frank Drake, OΔ '02, there came a hatful of correct addresses of his Omicron Deut brothers. Dr. L. B. Vail, '04, he says, can be reached at 23 Christopher St., New York; L. B. Farley, '09, at 1002 Beacon St., Newton Centre, Mass.; D. W. Jones, '12, 163 Maple St., Malden, Mass.; E. F. Emerson, '18, 31 Hovey St., Newton, Mass.; and E. Butts, Jr., '18, c/o First National Bank of Boston, Buenos Aires, Argentine.

Later the same scout reports that C. W. Bates, '85, is at 451 Jefferson Ave., Brooklyn, N. Y.; and H. W. Thurston, '86, is at 105 East 22nd St., New York. C. H. Hadley, '79, and G. C. Seldon, '93, are still missing, worse luck.

Seward D. Allen, Ψ '78, was much surprised to find that his son F. S. Allen, N '12, was missing, and hastens to check in for him as being on the advertising staff of the *Los Angeles Examiner*.

A. G. Murphy, ΠΔ '03, is already accounted for. See graduate personals.

Chi Deuteron reports that L. F. Bond, '12, gets his mail at 3145 Mt. Pleasant St., Washington, and if you'll turn to "Births" you'll see some more about Brother Bond. L. Naetzker, '17, is at Dunkirk, N. Y., and G. W. Phillips, '15, lives at 612 18th St., Washington. Major Dunwoody, '03, hasn't checked in, but he may presumably be reached care the Secretary of War.

Chas. E. Birch, Δ '92, reports that the address of Charles Macdonald, Δ '57, appears in the latest college register as 1305 Albemarle Road, Brooklyn. "He has been retired for many years," writes Brother Birch, "having made a large fortune in the bridge building business, and was one of the two owners of the Union Bridge Co., Athens, Pa., now part of the American Bridge Co."

Of course this doesn't really account for all the missing, but it is at least a start, and we're encouraged to such an extent that whenever anyone else goes and gets lost, we're going to advertise it in THE SHIELD.

Greek-Letter Patterns Now Available

Patterns of the Greek letters, Theta, Delta, and Chi, from which castings may be made, are now available at the Theta Delta Chi Club, through the kindness of George E. Rath, BA '21. The letters are about four inches high, and are at the disposal of any charge which has use for them. "When these letters have been cast in brass and the castings polished, they make a very nice appearance," writes Brother Rath. Address the House Manager, 619 West 113th St., for further information.
