

For the past two weeks the boys have been drumming up on fraternity knowledge as Norm Hackett is expected any minute. With Norm and the final exams coming at the same time many sleepless nights are in store for us, but we hope to survive and prosper through it all. The newly initiated men and our four pledges are looking forward to Norm's visit with many expectations; the old standbys are ready to give him the greatest reception he has yet received.

Sometime while Norm is in Seattle we hope to formally break ground for our new house. The plans have been completed and the land surveyed. Our new house is to be of early American architecture. According to the etching it will be the most modern and complete fraternity house on the campus. Our building a house will be a big boost to our standing on the campus, and we hope to take new life in this event.

Our mothers' club, under the direction of Mrs. Chapman, is working diligently and with great success. They gave a dance for the alums and actives and it was a wow. According to their plans they expect to furnish the guest room in our house next year. The charge appreciates greatly the work they are doing and wishes to thank them cordially.

If you are as tired reading as I am writing, we will quit. Will tell you more about our house in the next issue.

JIM WILSON, *Charge Editor*

The duck-boards are laid across the campus. The sun is warm enough to make you want to go out, and the mud and slop is forbidding enough to keep you in the house. O^A ho-hums and looks out of the card room windows, picturing how much

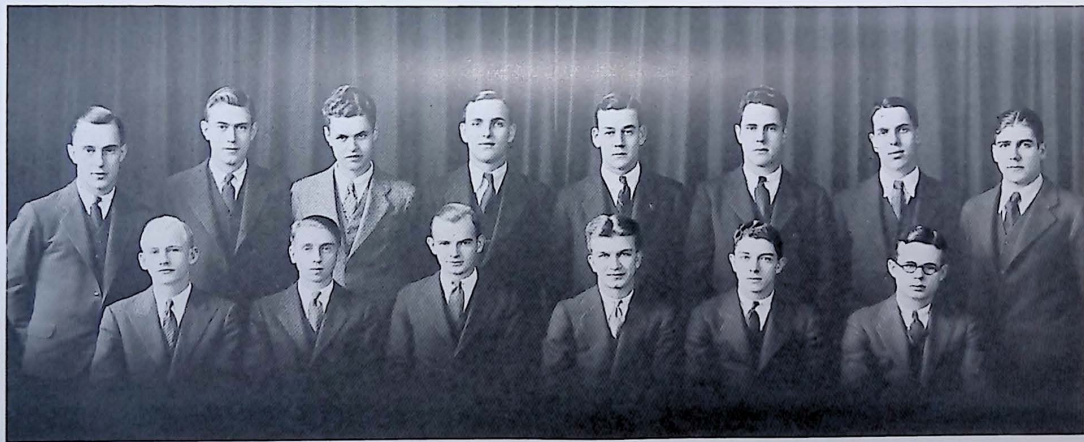

better it will all be after spring vacation. In April everything starts; various elections, class picnics, traditional horseplay.

Several Sundays ago we had a very successful open house. It is by means of these that we get a line on likely freshmen. You remember we have sophomore rushing here. We will have one more open house. After that we can begin our more active, and more individual rushing; by bringing fellows down to the house, having them join in our afterdinner ball games in back of the house, taking them swimming with us, calling on them in their rooms. So by June we will have a fairly good idea of where we stand. Bill Bucher is doing good work as head of the rushing committee, and we feel confident of next fall's delegation.

The staff of *Jack-o-Lantern*, the college comic, recently had its banquet and elections. Brothers Bill Bucher, Brown Dickinson, Bob Morrison, Jim Woods, and Bill Little have all been busy in that office. Little was this year's circulation manager. In the new election Bucher was made business manager and Bob Morrison was elected circulation manager.

Unfortunately Bob left college the same week and gave up the office. Last fall he was out several months with sickness, dropped behind his class, and couldn't see the sense in hanging on. We all regret his leaving. This is our second loss this year—Clark Sullivan left early in February.

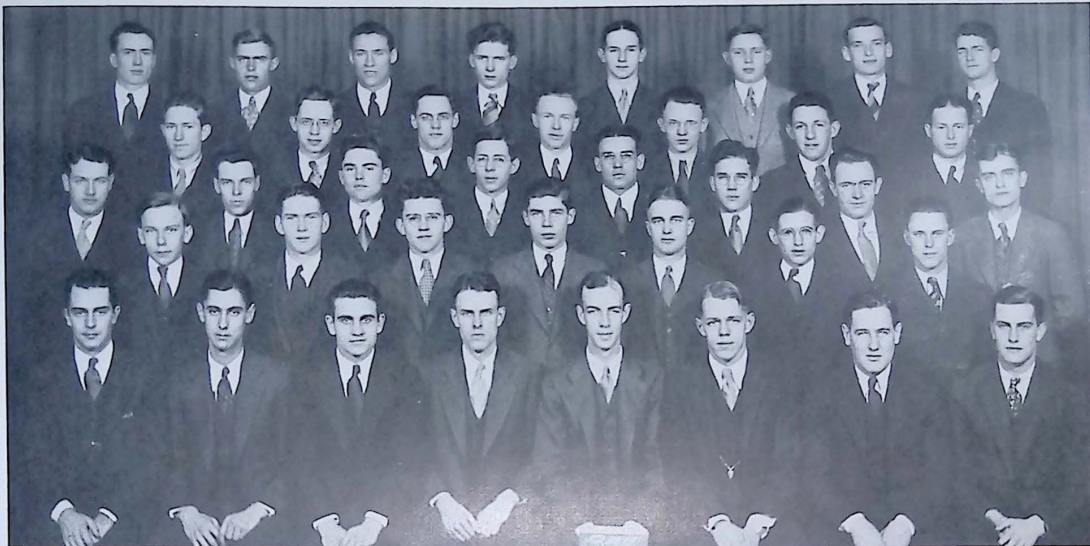

Ommie Deut has been active in various doings on the campus. The house has acquired three more letter men in the last month. Jack Manchester received his letter in hockey. He still has two good years left. Bob Doscher got his letter in swimming. Harry Townsend won his "D" for his handiness with

the foils and sabres. Townsend was also elected president of the French club, last week.

Blakesley did some nice work on the gym team, and made all the trips. Charlie Jenkins is looking good in the varsity baseball's indoor practice, and stands a good chance of catching for the team. Sam Cunningham and Bob Doscher are working out with the track team.

Carl Baker, '32, has been taken into Casque and Gauntlet, senior honorary fraternity. Carl is a member of Green Key. He will be manager of next year's hockey team. His abilities run in many directions. Recently he published a book of his poems.

So we say good-by for now, after sending our best to all sister charges.

COLLEGE OF THE CITY OF NEW YORK

These early spring days are not very stimulating for such intellectual endeavor as writing letters so we take advantage of any stray material to give us a start. Brother Carlson being interested in various economic courses is planning various types of maps showing this thing and that about North America. This gives us our start since maps show places, and places call to mind the wide extent of $\Theta \Delta \chi$. Since we have introduced this matter, we shall dedicate the first paragraph to bidding a spring hello to all the charges.

It is then in order, as previous SHIELD letters to all charges show, that we make mention of the various activities of $\Pi \Delta$ and show that even if $\Pi \Delta$ is not so large, she is still on the map. Brother Carlson is the white hope of the baseball season since the college is in dire need of good pitchers and he is a good one. Incidentally both he and Brother Dick are executive officers of the R.O.T.C. Officer's Club; the former holding down the position of corresponding secretary while the latter is treasurer. Brother Mitchell has transferred his activity from the crosscountry team of last fall to the shorter distances such as a mile or two for the spring track season. Brother Vogel is thinking seriously of stretching his long legs on the cinder track if his long pre-engineer courses don't interfere. But why place so much stress on ourselves individually and let us turn to group maneuvers (you'll have to pardon this word. It is prompted by the author's association with the R.O.T.C. Corps here.) Incidentally of our five good and true Theta Deltas, 60 per cent of them are both officers and gentlemen—the latter by an act of Congress.

In group activities $\Pi \Delta$ never finds any friction. This is partly due to our small number, which has its advantages at times, and the splendid coöperation of our graduates. $\Pi \Delta$ is planning a spring dance which we hope will be as great a success as our past socials have proved time and time again. A more pleasant, enjoyable evening cannot be had at any price.

One of the most important weekly gatherings takes place at the club Sunday evenings when Brothers Boyce, Bostwick, Carlson, and Dick sit in for a hand of bridge. If you do not find at least three of the above-mentioned "brethren a-la-bonos" there you can be quite sure that they are in some serious trouble that would necessitate their missing this night of all nights!

Thus having shown you the practical advantages of both the club and of having brothers, we are about on the verge of concluding. As a matter of fact this verge has been cropping up all during this letter. Let this epistle be one of those elegant affairs that come to a conclusion after summing up

all the previous material. We, as a result of our decision, state that we have analysed Π^{Δ} individually and as a group, that we made proper mention of spring and athletics, and that we wrote the letter much as you would to any close friend. At the very end we are mentioning spring once more so as to form a nice ending, and because it's a good alibi for any incoherence. Perhaps in another season we may offer improvements, but until then—So long!

UNIVERSITY OF WISCONSIN

With the school year drawing to a close and some of the older brethren packing their trunks to leave college (as a home) forever, the rest of us younger fellows sit around thinking of what the future may have in store for us. The organization seems to suffer such a stage every graduation and all of us begin to realize that the bonds of brotherhood in $\Theta \Delta X$ are more than superficial. I look back at homecoming and birthday banquet when the grads come back—the bonds of true friendship show up and we rejoice. The friendships built up in our college career last forever, even unto the Ω . Those of us who attended the commemoration service at Bruton Church at the 83rd remember Brother Sterritt's inspiring words of how friendship will last clear through to the Ω . There the brothers who have passed before us will greet us with the Theta Delt song:

Joyful we greet you,
Brothers beloved and true,
'Neath our black, white, and blue
Banner we love.

While we live and enjoy the company and fellowship of our brothers in $\Theta \Delta X$, we find them the friendships, true and everlasting—the backbone of our great fraternity.

Brother Hackett was with us a short time ago and we all enjoyed his stay. Norm's quizzes and questions seemed to be enjoyed more than usual. Brother Wines turned the tables on Norm when he asked the charge letter of the University of Michigan; Brother Wines replied, "Jamma Deut."

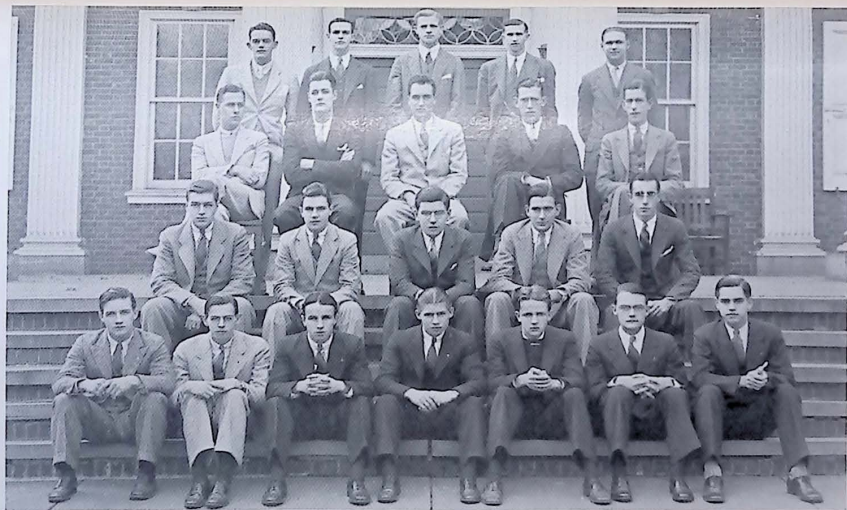

Brothers Jerre Witter and Van Parker, two of Σ^{Δ} 's loyal alums, entertained Norm during a few of his spare moments.

At the banquet given for Norm a number of our alumni were present. Norm also visited some of the prominent alumni who were unable to be present including Judge George B. Nelson, Σ^{Δ} '98, Alexander Meikeljohn, Z '93, and Stephen M. Babcock, K '66. Among the alumni present during Norm's stay were: George Hambrecht, Σ^{Δ} '96, George Dyer, Σ^{Δ} '04, Clem Rossbach, Σ^{Δ} '11, Ike Gesme, Σ^{Δ} '23, Jerre Witter, Σ^{Δ} '26, Bob Timlin, Σ^{Δ} '29, John Hogan, Σ^{Δ} '26, Flossie Oltendorf, Σ^{Δ} '15, Lucien Schlingen, Θ^{Δ} '21, Everett Smith, O^{Δ} '30, Leo Federer, Σ^{Δ} '21, Tom McCaul, Σ^{Δ} '29, Bob Kasiska, Σ^{Δ} '30, Van Dyke Parker, Σ^{Δ} '24, Richard Lauritzen, Σ^{Δ} '30.

This year we will lose several men by graduation—Arthur F. Brandt, Harlan E. Mills, Robert Kenney, Vail A. Van Natta, Howard O. Ziemann and from the law school, Tom McCaul and Bob Kasiska. We all hope that they will meet with success in the highest degree and trust that they will be frequent visitors to our charge after they have left us.

With college days drawing to a close in a short time we hope to meet all of you at the 84th Convention of $\Theta \Delta X$ at the Skytop Lodge in the hills of old Pennsylvania.

UNIVERSITY OF MINNESOTA

"Substantial improvement—present condition healthy"; with these encouraging remarks, Norm Hackett left us to visit the western charges. Determined to accelerate the improvement, T^Δ men settled down to harder work.

Increased interest in extra-curricular activities will be stressed throughout the rest of this year. A committee of upperclassmen has been put in charge of this work, and already they have succeeded in placing several freshmen and sophomores in campus positions. At Minnesota, as well as at other large colleges, prohibition enforcement has been quite active during the past months; the local charge has not suffered any penalties.

The university is constructing a new dormitory to be opened next fall. As this is the first mens' dormitory of any size on the campus, its completion will effect fall rushing to some extent.

Two of the T^Δ men have lately achieved some distinction. Howard Smith was chosen to membership in Wing and Bow, Agricultural campus honor society, and Harmon Pierce was elected to Φ E K, honorary athletic fraternity. Spring elections will determine many other things.

JUDSON H. ANDERSON, *Charge Editor*

LAFAYETTE COLLEGE

Spring and its accoutrements usher in nothing of great importance here.

At this time Φ is proud to announce the following as newly initiated brothers: George C. Andrews, Buffalo, N.Y.; Alan G. Williams, Pelham, N.Y.; Wheller C. Bachmann, Wheeling, W.Va.; Howard J. Bell, Cynwood, Pa.; Joseph H. Smith, Connelville, Pa.; and Edward T. Ellis, Baltimore, Md.

The spring social season begins with the advent of the junior prom on March twentieth. On the following day Φ will be one of the hosts at an informal tea and a dinner dance. This is the first in a series of three weekends, the others will follow at approximately the same dates in April and May. We sincerely hope that if any of the brothers are in the vicinity that they will drop in.

UNIVERSITY OF PENNSYLVANIA

Rushing season is over and we feel highly honored in presenting Francis Brown, John Ermatinger, Howard Curry, Thomas Shipston, and William Speeler. These new men were initiated on March 31, after passing through a very enjoyable pledgship (so they said). A large number of grads were present who enjoyed themselves to the utmost. It also gave the grads a chance to refresh their memories on lodge room procedure.

On March 19 the undergraduates entertained the older members of Φ^Δ at a card party given at the charge house. Despite the weather, which was typically Philadelphian, there was a large turnout and the house was packed with Theta Deltas, wives, sweethearts, and friends. They all said the bridge was a great success, and they were all anxious to know when we were going to have another. It would be well to make it an annual custom, and perhaps in twenty-five or fifty years it would grow to be a Φ^Δ tradition.

Brother Jim Foster, I^Δ '20, has been in Philadelphia for some time and has made his home with us here at the charge house.

Brother Rome Arnold, KA '30, has accepted a position in Philadelphia and we have seen a lot of him around the house lately.

At present we are all looking forward to Easter vacation, and with the few spring days we have had it has been extremely difficult to get much schoolwork done.

Brother Stucker ended his collegiate boxing career in a blaze of glory, being the only member of the Penn team to turn in a victory over Yale. He did this very ably to the tune of a fifty-two second knockout over his opponent.

ΦΔ is very fortunate in having the convention so close to home this year. Many have already signified their intention of going, and we are looking forward to seeing many familiar faces when we get together at Skytop the last of June.

UNIVERSITY OF ROCHESTER

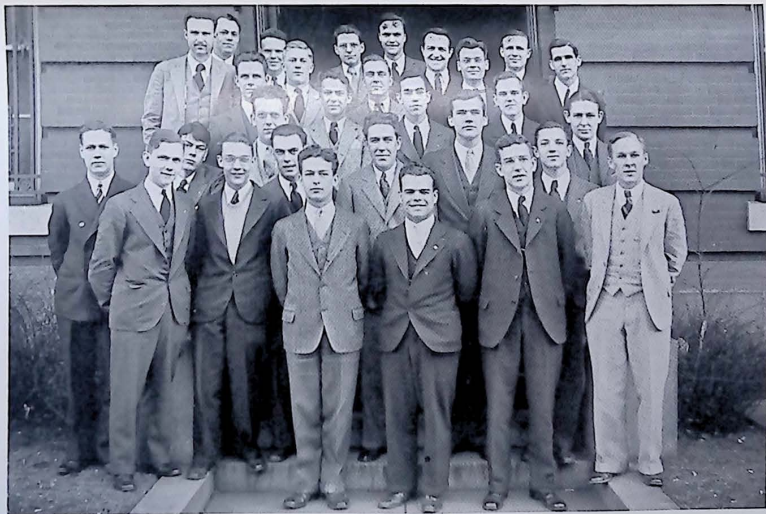

Fraternal doings here at X reached a climax on Monday evening, March 9, when the first initiation banquet was held in the new charge house on the river campus. Although more is said about this banquet in another part of the SHIELD, I would like to say that among the more illustrious Thetes present were: Brother Bill Love, ex-P.G.L.; Brother Ed Cook, ex-P.G.L.; Brother Tobey, B '95; Brother Charles Barber, X '79, one of the oldest living X grads. On that initiation day there were ten men whom we greeted with the "friendly grasp of Θ Δ X": Robert Howland, Carl Stehler and Paul Stoehr, all of the class of '33; Donald Fischer, Leo Henchan, Harold King, Karl Lagler, Arthur Mountain, Ira Randall, and Thorol Warner, all of '34.

The new charge house has done much to cement the ties between the graduates and undergraduates here at Rochester. With the completion of the house the graduates have decided to hold weekly luncheons at the house every Wednesday noon. From a fraternal and social viewpoint the benefit has been reciprocal.

I can assure the brethren that Theta Delt control of the Rochester campus is still large. In intramural competition we are more than holding our own; we are tied for first place in basketball, are first in volleyball, are fourth in handball, and are exceedingly optimistic about our chances in the forthcoming baseball season. Several brothers are out for varsity track and baseball. Brothers Klix and Wadt are among the dash aspirants; Brothers Wadt, Erdle, Aradine, and Day will be out for the baseball team which will be under the capable management of Brother Joe Rippey. On the freshman baseball team we expect to be represented by Brothers Henchan, Randall, Fischer, and Warner.

Midyear exams are now memories and from a scholastic viewpoint I may say that we emerged from them successfully. The sophomores are quite enthused with their class average, and I take this opportunity to expose their sentiments, for they have been unusually sarcastic with the lovely freshman brothers whose average was the lowest of the four classes in the house.

Not to neglect our social prestige we held a reception for the faculty and trustees of the college on Tuesday, February 17; the brothers coöperated with Brother Carl Paul, Jr., who was chairman of the affair, to make the reception a great success. At present our social efforts are bent toward preparing for our annual spring dance which will probably be held during Easter recess.

PSI CHARGE

At this point I would like to toss a few bouquets to Brother Bob Hoffman for his splendid performance in *Cock Robin*, which was recently produced by the dramatics club.

In closing I would like to thank Brother Ned Griffing, Brother Carl Schmidt, and President Tim, in behalf of the charge, for their telegrams of well wishes on the occasion of our first initiation banquet in the new house.

And see above for news of the initiation banquet.

NORMAN SELKE, *Charge Editor*

THE GEORGE WASHINGTON UNIVERSITY

Well, boys, the old gang at χ^A still manages to hang together and keep the wolf from the door and the flunk slips out of the mail. The charge is still represented in the honorary fraternities on the campus. Brothers Orris Page and Win Stumm were initiated into Gate and Key, Brothers Sterrett and Coombs took the glad hand extended to them by $\Pi \Delta E$, and Brother Henderson registered in $O \Delta K$.

Our perennial elections also had their results. Win Stumm was once again given the seat of the mighty. Brother Bill Sterrett was elected secretary, Brother George Wells, corresponding secretary, Brother John Custis Crawford (from Vaginya, *Suh!*), treasurer, Brother Steve Nyman, herald, Brother Jack Smith, librarian, and Yours Truly, being of sound body and weak mind, was given the charge's birth on the interfraternity council. Of course, Shrimp Page still rules supreme as house steward.

As for initiations, you should come over. We have eighteen new brothers to introduce. Reading from left to right, they are: Franklin Bacchus, Alexandria, Va.; John L. Bass, Walters, Okla.; Lawrence D. Ball, Claredon, Va.; Bowman Anderson, Clarendon, Va.; William Wolfrey, Washington, D.C.; Grant W. Vandermark, Washington, D.C.; Hartwell Parker, Cuyhoga Falls, Ohio; Charlie MacArthur, Morrilton, Ark.; John T. Madigan, Dunkirk, N.Y.; Odell Blair Long, Gastonia, N.C.; Francis MacNeil, Alexandria, Va.; Sam Lancaster, Chevy Chase, Md.; Parker Jones, Washington, D.C.; Edward Fahrner, Washington, D.C.; William Clark, Washington, D.C.; Robert Chipman, Washington, D.C.; Don Bower, Harrisburg, Pa.; Warren Bouve, Chevy Chase, Md.

Now that you have skipped that paragraph, let me say that Brothers Wells and Beattie traveled to New York with the glee club to take part in the annual intercollegiate glee club contest. The boys sang their darnedest, but it seems that two other schools sneaked ahead of them and our boys had to be satisfied with third place. Better luck next time.

Brothers, suppose that you drop in and surprise us with a visit some time. The door is never locked, just walk right in and yell "Surprise." And will we be surprised!

P.S. Wonder if Lad Senior of Ψ remembers Old U.F.A.?

HAMILTON COLLEGE

Fore and Hallelujah!—here comes the last one of these bloomin' things I'll ever have to write—at least until I land in the Ω . Not that writing a letter is hard, but what are you going to do when you have a charge that hasn't anything to say for itself?

First of all, though there are some corrections to make. You may recall that our last letter said that nobody had flunked out. Well, two freshmen and a sophomore did me dirt and made my statement a positive untruth, don't you

know. Outside of that the house busted only three hours, i.e., one regular course, so our scholastic standing oughtn't to be too bad. The casualties throughout the college as a whole were heavy this year—apparently the general depression is upon us.

This letter was to contain election returns, but, at the time of going to press, we haven't yet got around to ousting the present government. However, Disney will be treasurer and Harvey will be steward, and the only signs of life and progress on the part of either is a continual hollering for money and an announcement by Harvey that the waiters next year will be men outside the house. He is also hoping for a crash on the Chicago bean market this summer.

Incidentally, the rushing committee has been busy and pledged Carl Ferry, now at Deerfield Academy, and the son of F. C. Ferry, $\Gamma\Delta$ '91, and President of Hamilton, and Brother of Chamberlain Ferry, Ψ '29. This is indeed a good start on the part of the committee.

Among other things, the house is going to lose nine seniors this June. Five are going into the ministry, four will teach, and one will become a prohibition officer (plans to affiliate with $\Gamma\Delta$ Charge for two years graduate study at the University of Michigan). Let's see, five and four are nine and one are ten—and there are only nine seniors. Well, cross off one of the ministers.

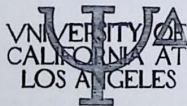

And by the way, before I forget it, we initiated some guys here awhile back, namely Eb Constantinides of Rutherford, N.J., Jerry Folley of Syracuse, Jerry Kennedy of Rochester, and Charlie Rynd of Brooklyn. We had quite an affair. Brother Love was here from Rochester, Brother Cunningham from New York, Brother "Al" Getman from Syracuse, and the Prexy, Brother Ferry. Ice cream, speeches, cigars.

To mention a few activities, Harvey and Stevens are playing baseball, Campbell, Morrow, Stewart, and White are on the track team, and Chambers starts his career as an intercollegiate windbag when he goes over (ostensibly) to debate the young ladies of Wells College on "Why Women Leave Home" or some such subject. And I guess that covers our activities. Please pardon my not mentioning more names. Perhaps some readers have wondered at my "nameless" policy adopted during the last year. My answer is that lists are boring. If you really like to read lists of names, why don't you get a seed catalog?

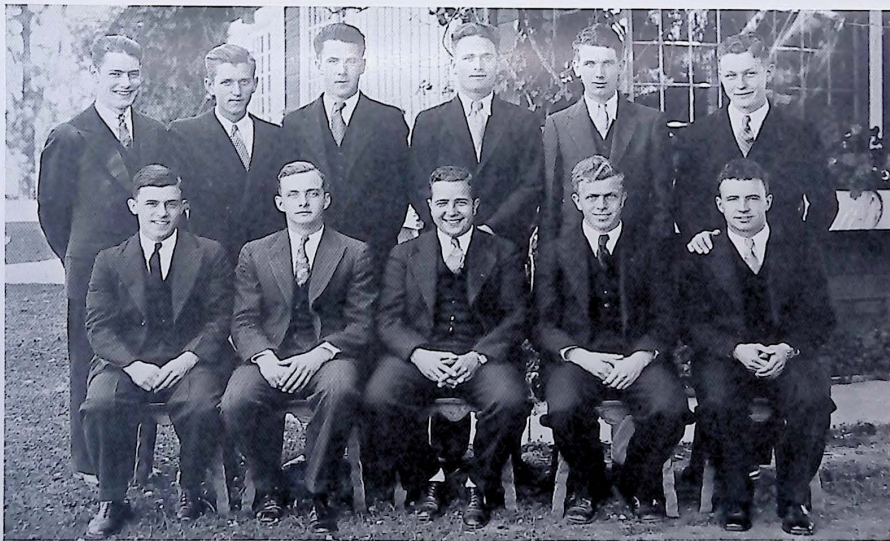

House party was the fifteenth and sixteenth of May—the usual success—tons of women (meaning several, of course), hundreds of balloons, Saturday night cabaret, and loud music. An o.k. affair thanks to the entertainment committee.

I suppose I should close my charge editing career on a note of hospitality. And so to all wandering brothers:—If you like horsemeat and beans, if you don't mind sleeping in an upper berth, if you don't demand that your hosts serve drinks, if you have nothing to sell, and if you would rest in (to be read slowly and with sentiment) "a quiet place with a beautiful view," come around to Ψ .
